

VICTORIAN COURSES

CHANGE OF PREFERENCE

INTRODUCTION

This information is for Year 12 students who have applied for vocational and/or university courses through the Victorian Tertiary Admissions Centre (VTAC).

Change of Preference (CoP) gives you the chance to **add, delete** and **reorder your preferences**. If you receive an offer, you will be offered the **course highest on your preference list you are eligible for** (you have met the ATAR and selection criteria requirements). It is also the last chance you have to make sure your preference list reflects what you would like to study in the future.

When can I apply?

You can apply to change your preferences any time until **12.00pm (noon) Wednesday 19 December**. You will be able to change your preferences again after the main round of offers on Wednesday 16 January, but most course offers are made in this round. NB: CoP will be closed between 7am - 11am on Friday 14 December (the day ATARs are released).

How do I apply?

You can change your preferences as many times as you like during the CoP period. If you delete certain courses you will not be able to add them into your preference list again (e.g., medicine).

1. Using your VTAC ID number and pin, login to your VTAC account at www.vtac.edu.au
2. In your VTAC Account, click on the Change Undergraduate Preferences link.
3. Change your preferences and click submit.

Tips and hints

- Research your options. Go to CoP information sessions at the institutions of your choice. Use the course search link on the VTAC website.
- New courses: If adding any new courses, make sure you meet the prerequisites and have not missed any important dates to hand in supplementary forms or book interviews.
- Order correctly: Put in the courses that you **really want to get into at the top of your preference list**. The ATAR cut-offs won't be determined until January 2019, and could go below the 2018 cut-offs.
- Plan B: Add in plan B courses as backups in case you don't achieve the ATAR you need. Research TAFE to university pathway courses, foundation and pathway programs at each university and courses with lower ATAR cut-offs, which can provide a possible second year transfer.
