Upcoming virtual career events and webinars

Virtual Careers Expo

The Virtual Careers Expo is an innovative and interactive collaboration between Australia's major tertiary education providers, designed to showcase the wide range of options available to students as they prepare for life after school.

You and your family will be able to:

- Explore the Virtual Careers Expo Hall
- Visit more than 50 stands hosted by exhibitors from across the country
- Talk to staff and student ambassadors through text or video chat
- Head to the Webcast Hub for live and on-demand video presentations
- Meet other students in the virtual social lounge
- Explore the virtual campus
- Attend from the comfort of your own home
- Learn more about how COVID-19 will affect your school year.

This event is a must for anyone considering studying at university or TAFE in the future.

All face to face university experience days and career expos have been cancelled across Australia – this event will assist you to research your post school options and prepare for university and TAFE applications.

When: Thursday 7 and Friday 8 May, 2020
Information and RSVP: <https://bit.ly/2VE4uzk>

Careers in Medicine Information Session

The UNSW Rural Clinical School (Albury-Wodonga campus) is hosting an online event for Year 10 – 12 students interested in pursuing a career in Medicine.

Students will be able to find out about the UCAT, the application process for medicine courses, and what it's like to study medicine at university. The event will be held on Tuesday 12 May. Please register your place by 5 May by emailing Anj Comb at a.comb@unsw.edu.au

Collarts – Open Day

Collarts is a creative media college located in the Melbourne area.

Courses are offered in:

- animation & VFX
- comedy
- audio engineering
- digital & social media
- entertainment journalism
- entertainment management
- fashion marketing & sustainability
- interior design

Maths competition

Mathematics and Statistics Research Competition 2020

The University of Melbourne School of Mathematics and Statistics is pleased to announce the launch of its new Research Competition.

Victorian students in Years 7 – 12 have the opportunity to showcase their creativity and problem solving abilities as they work through the mathematical project of their choice.

Applications are now open and you can enter the competition as an individual or as a team. For information and to register your place, visit <https://bit.ly/35CS4fx>

Explore your global university options

Are you interested in learning about universities from around the world? Crimson Education has developed a YouTube channel that profiles global universities. You can access the channel at <https://bit.ly/2qcWRiX>

Careers in Sport

My Career Match has developed an excellent 3-page guide to careers in sport. You can download the resource at this link - <https://bit.ly/2UwkbqB>

Commerce vs Economics

Which study area would you be more suited to? The Australian School of Business, UNSW, has developed a video to help you decide. They have also developed a video focused on careers in economics. To download both, go to: <http://tinyurl.com/qb2zswp> and <http://tinyurl.com/njlehwg>

National Youth Science Forum (NYSF)

Are you in Year 11 and have a passion for all things science? You should consider applying for the NYSF.

This is a two-week residential program where students are immersed in hands-on science activities, lab experiments, field trips and meet researchers who are leaders in their field.

The two-week program will be held during January 2021. Applications close 14 June and must be endorsed by your local Rotary club. For more information and to apply, go to <http://bit.ly/2titZV9>

Applying medicine, Dentistry or Oral Health?

If you are in Year 12 and plan to apply for any of these health science courses to start in 2021, you may need to sit the UCAT ANZ (University Clinical Aptitude Test).

The UCAT ANZ is a two-hour, computer-based test which assesses a range of mental abilities identified by universities as important to practicing in the fields of medicine and dentistry.

It consists of five separately timed subtests which each contain a number of questions in a multiple-choice format.

You will sit the test in July 2020 and selected universities use your UCAT ANZ results as part of the selection process, in conjunction with your ATAR and HSC/VCE results, and in some cases an interview.

You will only have one chance to sit the UCAT ANZ this year. It's important to note that applications close on the 11th of May and late applications close on the 18th of May.

Please go to <https://www.ucat.edu.au/> for more information about the UCAT ANZ, to see if you have to sit the test, and to register for the test.

Future of Work Predictor

Have an occupation goal? Want to know how this job may change over the next 10 years? University of New England (UNE) has developed a 'future of work predictor'.

Using the online software, simply search for the occupation you are interested in, choose the education level you are planning to attain (e.g., Bachelor degree), your post code or the post code of where you would like to work in the future and your email address.

UNE will provide you with information on how this job may change in terms of tasks, duties, qualifications, wages and employment growth.

Visit <https://bit.ly/2SxZpbc> and start searching!

Exciting STEM resources

15 jobs that don't exist...yet

What will a job search look like in 2050? No-one knows – but one popular estimate suggests 65% of primary school-aged kids will end up in yet-to-be-created careers.

We're guessing packed with next-gen STEM gigs in cutting-edge fields like Augmented Reality (AR), data analytics, and Artificial Intelligence (AI)-based service roles.

Careers With STEM looked into their digital crystal balls and came up with 15 jobs they think you might find advertised in 30+ years. And yep, all of them require STEM skills! <https://bit.ly/3feuXfP>

7 paths to computer science careers

From horse paddocks to high-rise apartments, there are many ways to plug into coding. Meet the 7 people taking wildly different paths to a career in computer science, ending up in unexpected places, <https://bit.ly/35tVFws>

Register to participate in weekly STEM challenges

Australia National University is running online weekly STEM challenges for secondary school students. The next challenge will be released on Monday 11 May, so register today! <https://bit.ly/3b8jhHX>
