

Visual Arts Workshops

We are experienced in conducting educational Visual Arts workshops for children from many years. Our senior artist has conducted workshops nationwide in Australia & New Zealand. While designing these workshops we have planned well-structured exercises to develop foundational artistic skills with fun activities to keep the children engaged & active. For these workshops, no previous skills are required. These workshops are designed to suit children with all abilities.

Cartooning

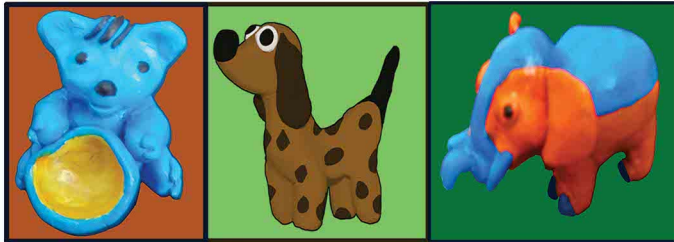

This workshop will cover various topics from basic cartooning, TV & Movies cartoons, Superhero's, Spaceships, Aliens etc.

Fun & interactive projects are designed to inspire & keep children engaged. We will increase or decrease the difficulty of exercises based on the age & abilities of the children attending.

Clay Modelling

Clay Modelling helps in developing better hand-eye coordination and increased concentration. Children will learn how to model cute little animals, robots, vehicles, and objects which they can use at home or give them as a gift.

**It is recommended to bring an apron or wear old clothes during this workshop, please bring a box to take your artwork home.*

Manga Art

Manga is comics created in Japan. It has been popular among the children all across the globe.

This workshop will cover following:-

- Introduction to Manga
- Male and female proportion
- Full-bodied character

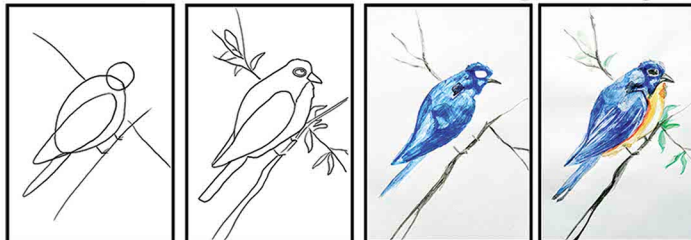

Oil Pastel

In this workshop, we will teach children how to draw step-by-step planned exercise & easy technique of blending & layering to use Oil Pastel effectively.

Painting

Children will be shown step-by-step how to draw planned exercise & use acrylic or watercolor to create beautiful paintings.

** We are going to use 380mm X 255mm (approx) litho paper for Painting & Oil Pastel workshop, completed artwork can be mounted on A3 cardboard and can be entered into various art competitions. It is recommended to bring an apron or wear old clothes for painting workshop.*

We also do :

Sand-Art & Plaster-Painting Workshops

Craft

We will show children how to create amazing artwork with the recycled material. We are going to use paddle pop sticks, matchsticks, cardboard rolls etc to create artwork or objects which can be used at home or can be given as a gift.

Designing Workshops

We have a range of fun designing workshops to choose from **Mask Designing, Baseball Cap Design, Apron Design, Pencil Case Design and Bag Design Workshop**. We are going to use paint, markers, crayons and collage materials for these activities. Please refer our website for more information or contact us.

**There is an additional cost for a per item per child. It is recommended to wear an apron or wear old clothes for craft workshops.*

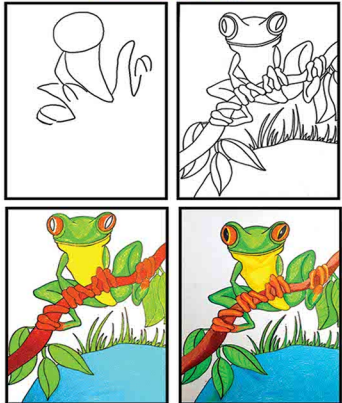

Mixed Media Visual Arts Program

We have designed 8-10 weeks mixed media drawing and painting program for our clients who want us to do Visual Arts classes during school term at before and after school care.

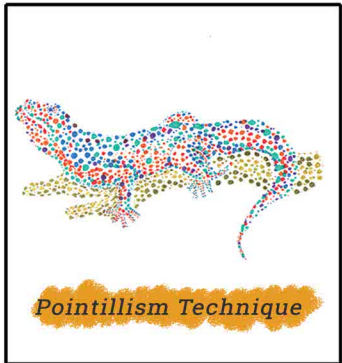

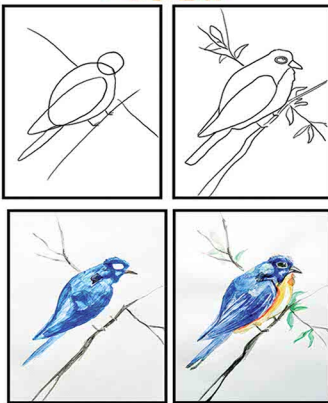

A proven step-by-step teaching method with a series of carefully planned in-depth projects, we are going to teach drawing, watercolor, oil pastel, and acrylic painting techniques to produce a quality work that will build students self-confidence.

Skills and techniques that children are going to learn will make them bold and confident in starting their own artistic journey.

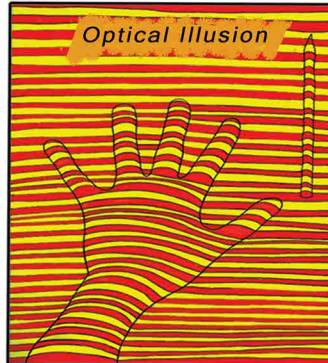

Oil Pastel

Painting

Pointillism Technique

Optical Illusion
