

TESTING, ISOLATING AND QUARANTINE FOR PRESCHOOL AND EARLY CHILDHOOD SETTINGS

FROM 2 MAY

Government of South Australia
Department for Education

IF A CHILD OR STAFF MEMBER TESTS POSITIVE FOR COVID-19 THEY MUST NOTIFY THE SERVICE AND ISOLATE FOR 7 DAYS.

CONTACT DEFINITIONS AND REQUIREMENTS

Child

Children attending the site undertaking normal learning and care activities

CHILDREN ARE A CLASSROOM CONTACT IF:

- a child who is in a group/room where the early childhood educator, teacher, worker or another child has tested positive for COVID-19

Parents will be informed there has been a positive case of COVID-19 by the individual service

INFORMATION FOR CHILDREN:

- if the child has symptoms, they must not attend the service and get tested as soon as possible
- children (aside from the positive case/s) will be encouraged to continue attending the service if they don't have any symptoms

Early childhood worker, educator or teacher

People working in early childhood settings

YOU ARE A CLASSROOM CONTACT IF:

- you worked in a room where a child or other early childhood worker has tested positive for COVID-19

YOU ARE REQUIRED TO:

- rapid antigen 'test to stay' on Monday, Wednesday, Friday and attend work if you receive a negative result (or staff can continue to test daily over the 7 day period if preferred)

YOU ARE A CLOSE CONTACT IF:

Leaders and managers should apply a pragmatic approach to managing who is or is not a close contact when following the testing, isolating and quarantine (TIQ) process.

- you spend a cumulative period of 4 hours indoors, in close physical proximity and not wearing a mask with another adult who has tested positive for COVID-19

REQUIREMENTS

- undertake 5 rapid antigen tests over a 7-day period following exposure*

Ancillary staff

Administrative staff with limited student/child contact, chefs etc.

YOU ARE A CLASSROOM CONTACT IF:

- you worked in a room where a child or other early childhood worker has tested positive for COVID-19

YOU ARE REQUIRED TO:

- rapid antigen 'test to stay' on Monday, Wednesday, Friday and attend work if you receive a negative result (or staff can continue to test daily over the 7 day period if preferred)

YOU ARE A CLOSE CONTACT IF:

- you spend a cumulative period of 4 hours indoors, in close physical proximity and not wearing a mask with another adult who has tested positive for COVID-19

REQUIREMENTS

- undertake 5 rapid antigen tests over a 7-day period following exposure*

RAPID ANTIGEN TESTING

Rapid antigen testing surveillance for all preschool and early childhood education and care staff is strongly recommended, however it is opt in. Surveillance testing must be done every Monday, Wednesday and Friday. A positive result must be reported to SA Health (within 24 hours) via their website and to your leader.

STAFF OR CHILDREN WHO HAVE BEEN RECOMMENDED TO UNDERTAKE PCR TESTING OR WHERE THEIR SERVICE/GROUP/ROOM HAS BEEN TEMPORARILY CLOSED AS A CIRCUIT BREAKER IN THE PAST WEEK, SA HEALTH ADVICE IS TO DO THE FOLLOWING FOR 7 DAYS:

- avoid attending OSHC and extra-curricular activities and excursions
- avoid high risk settings or COVID Management Plan events
- wear a surgical mask around others (where age appropriate) and outside your home

- avoid working across worksites unless an approved risk management plan is in place (eg rapid antigen testing)
- avoid contact with vulnerable people outside of your workplace or family, where possible
- avoid non-essential activities where possible (eg where there are lots of people, inside, in close contact)
- avoid shared spaces and maintain physical distance.

*People who have recovered from COVID-19 will not be considered a close contact for 12 weeks after their release from isolation. After 12 weeks, you will still be considered a close contact if you are exposed to COVID-19 and meet the close contact definition.
