

# MATHS AND PUZZLES WITH VIDHULA

**9X9:** Complete the image Sudoku so that there is only one of each image in each row, column and box.

**MATHS BOWLING:** Using the numbers in yellow, calculate each of the numbers from 1 to 10 and cross them out. See if you can calculate them all! E.g.  $6 \times 1 = 6$

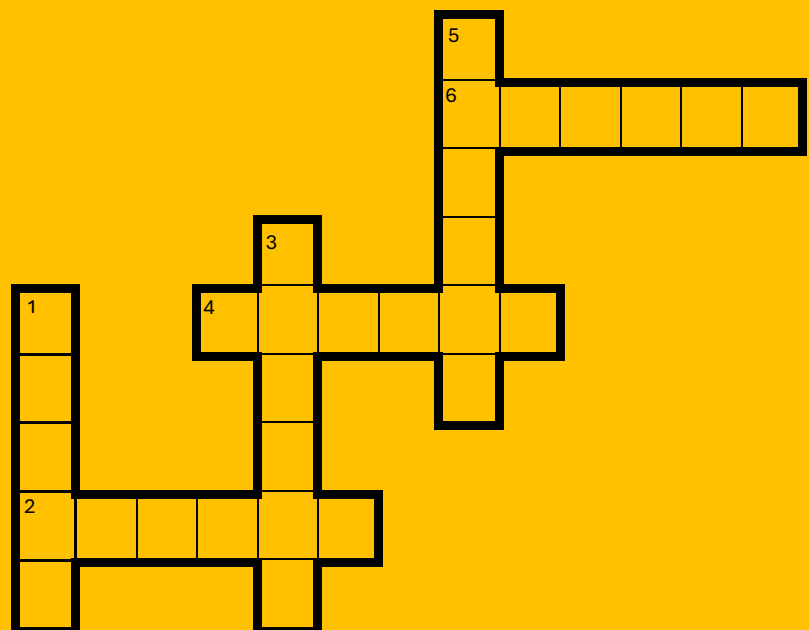

## CROSSWORD:

Down:

1. The month that autumn starts in Australia.
3. A device that can be used to heat up a room.
5. Clothing to keep you warm when you go outside.

Across:

2. The weather gets \_\_\_\_\_ in autumn.
4. A tree part that turns brown and falls off.
6. The season after summer.

**SOLUTIONS**

**SHAPE SUDOKU:**

**MATHS BOWLING:**

Numbers: 1, 3, 6	
$(6 \div 3) - 1 = 1$	$6 \times 1 = 6$
$3 - 1 = 2$	$6 + 1 = 7$
$3 \times 1 = 3$	$6 + 3 - 1 = 8$
$3 + 1 = 4$	$6 + 3 = 9$
$6 - 1 = 5$	$6 + 3 + 1 = 10$

**CROSSWORD:**
