

ALL ABOUT AFL

—

HOW IT STARTED

The first people (the aboriginal people) got possum skin curled it up and kicked it around. It was very different like the points were different.

How it changed

In 1941 Sheren started so the teams could play better. But what do you think the early teams played with because like the team geelong who started in 1859.

The greatest team of all

My opinion is that geelong are the best. Because they haven't been in a final for 4 years.
