

## PARENT & CARER INFORMATION EVENING

# TAKING THE LEAP TO SECONDARY SCHOOL WORKSHOP

### Transition information evening for parents and carers

Transitioning to secondary school is a significant event for students (and their families).

Shortly, in conjunction with the Year 6 teachers at your child's primary school, I will be speaking to your child to assist them with this upcoming journey and alleviate where possible any anxiety they may be feeling about transition. I am also pleased to be running an information evening for parents and carers of Year 6 students.

On this evening I will be sharing with you what we spoke to your child about in terms of getting organised, the skills they need to develop for secondary school and for life in general. You will also be provided tips and strategies on how you can support your child through this transition journey.

#### **FACILITATOR Amanda Lecaude, Academic Life Coach**

Amanda is an academic life coach, executive function coach and organising expert who focuses on ensuring all children/students (both neuro typical and those with learning challenges) are equipped with simple and effective organisational, time management and study skills & strategies that they need to succeed both at school and in life. She works 1:1 with students and parents and with both primary and secondary school communities where she regularly provides lesson content as well as conducting workshops for students, parents and teachers on a range of topics. As a mother of two sons at various stages in their education Amanda understands the importance of a successful transition between the different schooling levels.
