‘Loud ‘n Raw – The Project’ is a creative arts well-being project for youth. ‘The Project is facilitated by musicians, teachers and artists, who have a passion to see young people grow in confidence, creative expression and resilience.

The Project was launched in Melbourne’s South East in 2011 with donations from Berwick Vineyard Church as a gift to the community.

“We have had ‘Loud ‘n Raw’ facilitating drum circles for Berwick College for a few years now and they are a great team! The team have run both boys and girls groups which have included drumming, other percussion instruments, singing and dancing. The sessions have always been pitched at the skill and confidence level of the students and there has always been plenty of praise to encourage the students to give it their all. The groups culminated their time together with performances to the wider school community and this has proven to be a great way for them to grow in confidence.

I recommend the ‘Loud n Raw’ team without hesitation. They will bring another dimension to your school!”
