

YEAR 9 ART (2D & 3D)

In Art students have the opportunity to visually explore the influences of a broad range of innovative artists from different cultural and historical contexts. They will analyse and respond to techniques, processes and visual conventions in artworks, so they are able to develop their own unique art practice.

Students will actively use the Studio Process of inquiry to explore ideas and develop concepts to express personal viewpoints and insights in their folio of artworks. Students will explore a range of traditional and diverse contemporary art methods, including the immersion in collaborative projects such as Installations, Digital works and community projects that connect them to the wider world through the Arts.

Students will be expected to maintain and complete a folio of works which contains a visual diary and finished artworks as well as written analysis tasks.

Explore and Express Ideas

Students will:

- Explore visual arts practices and styles as inspiration to develop a personal style
- Explore and express ideas, concepts and themes in artworks
- Explore how artists manipulate materials, techniques, technologies and processes to develop and express their intentions in artworks.

Visual Arts Practices

Students will:

- Select and manipulate materials, techniques, technologies and processes in a range of art forms to express ideas, concepts and themes.
- Conceptualise, plan and design artworks that express ideas, concepts and artistic intentions.

Present and Perform

Students will:

- Create, present, analyse and evaluate displays of artwork considering how ideas can be conveyed to an audience.

Respond and Interpret

Students will:

- Analyse and interpret artworks to explore the different forms of expression, intentions and viewpoints of artists and how audiences view them.
- Analyse, interpret and evaluate a range of visual artworks from different cultures, and historical and contemporary contexts to explore different viewpoints.
