National Student Volunteer Week

National Student Volunteer Week 2022 acknowledges and celebrates student volunteers, and promotes volunteering to students and young people across Australia.

This year National Student Volunteer Week will be 8 – 14 August 2022.

Volunteers provide an irreplaceable service. Volunteering benefits communities, the economy, and increases social cohesion.

Research reveals that volunteering also benefits volunteers themselves. It reduces symptoms of depression, improves self-reported health and lowers mortality. Volunteering expands people's social networks, provides opportunities to gain valuable experience, and enables people to develop new skills which can lead to employment.

Volunteering makes a difference.

govolunteer.com.au makes it easier to find opportunities near you!

Passion. Opportunity. Change

VTAC Webinars

Heading to university, TAFE, or college next year and looking for more information about the application process? Join the VTAC team for one of our live webinars.

Applying for courses in 2023 will cover all aspects of the VTAC application process - from finding course information and making sure you're eligible, to submitting a course application and receiving an offer.

Understanding special consideration (SEAS) and scholarships provides detailed information on applying for SEAS, how the process works and what information you need to provide; as well as an overview of applying for scholarships through VTAC.

Register here:

<https://www.vtac.edu.au/events>

Terminology:

- Hackathon = 2-3 days that focuses on creating a working prototype
- Hack Day = One day workshop focused on designing a prototype
- Hack Session = A couple of hours focused on ideating

Hackathons are common all year around and most are open to high school students. If you want to change the world, why not compete for prizes! You can also sign up to watch or volunteer.

[See upcoming hackathons.](#)

Hackathons Australia activates Australian innovation to energise communities and adopt new ways of thinking.

What is a hackathon?

A Hackathon is a 2-3 day creative, intensive competition where a diverse group of people solve problems using technology as an enabler. They've been used for centuries and were made famous by the likes of Google, Facebook and Atlassian.

These companies have used hackathons for recruitment, onboarding, community activation, sourcing and testing ideas to solve business problems, partnership and employee engagement. Features such as the 'like' button and 'search' bar on Facebook were created through hackathons.

JMC Academy Songwriting Competition

CALLING ALL HIGH SCHOOL SONGWRITERS!

[See here for full details.](#)

JMC Academy is proud to announce our first ever songwriting competition for students across New South Wales, ACT, Victoria and Queensland in years 9-12. The aim of the competition is to highlight the talent of high-school songwriters from across the country and to showcase the creativity of young people.

Submit your entry by Monday 31st October 2022 11:59pm for your chance to win a prize package valued over \$2500.
