

Helping students fall in love with innovation

- ✓ Real robots
- ✓ Real code
- ✓ No pre-made kits

Holiday Program 9:30 AM to 3:00 PM (10th & 11th April)
After School Program - 3:45 PM - 4:45 PM (Every Thursday)

Take your robotics experience to next level

- Learn the basics of robotics and understand how they work
- Design and build your own robot from scratch
- Explore the opportunities of code on an open-source platform using programming languages like c++, java and python
- Take away all the training materials and software from the workshop to hone your own robotic skills

Collingwood Library

Suitable for kids in grade 1 to grade 6
