## GRIFFITH UNIVERSITY HUMAN RESEARCH ETHICS COMMITTEE

Dear APro Allison Waters

I write in relation to your application for ethical clearance for your project "Improving Access to Treatment for children with Anxiety Disorders: A randomised controlled non-inferiority trial of positive search training" (GU Ref No: 2019/146). The research ethics reviewers resolved to grant your application a clearance status of "Fully Approved".

This is to confirm receipt of the remaining required information, assurances or amendments to this protocol.

Consequently, I reconfirm my earlier advice that you are authorised to immediately commence this research on this basis.

The standard conditions of approval attached to our previous correspondence about this protocol continue to apply.

Regards

Dr Amanda Fernie  
Manager, Research Ethics and Integrity  
Office for Research  
Griffith University  
E: a.fernie@griffith.edu.au

Researchers are reminded that the Griffith University Code for the Responsible Conduct of Research provides guidance to researchers in areas such as conflict of interest, authorship, storage of data, & the training of research students.

You can find further information, resources and a link to the University's Code by visiting Griffith's webpage: Griffith University Code for the Responsible Conduct of Research
