

# The Trinity Times 15<sup>th</sup> August 2020 Issue 001

Welcome to our first SRC school Newsletter for 2020.

As we all homeschool for what seems like *forever* we hope that this will keep us a little more connected and provide some laughs and fun along the way! We would love ALL students to contribute, let us know cool facts, a joke or something that you would like to share. Please send content to [fscroggie@tcs.catholic.edu.au](mailto:fscroggie@tcs.catholic.edu.au)

*SPORT: In AFL the Sydney Swans have emerged victorious over GWS in a 41 point victory.*

*Carlton have also had their lucky week with a 4 point victory taken with a goal*

**Ford Thompson** : This past week has been what I say well what everyone sees unusual. Well by unusual I mean unusual like online. Even though I'm used to online from Term 2, I wouldn't say it's hard but kind of stressful being honest. But I need to look at the positives and this week so far has been like that, I reckon in my opinion this has been a fun week because we had wellbeing Wednesday which is where you interact with our friends and like go into groups on a meet call. But at the end of the day we got to play charades which was super fun. We got to act out the people in our class and that was fun, lidget the definition. Today we had a specialist which is P.E, Mandarin and Music. In P.E we had to play inside or outside home lawn bowls, in Mandarin we have to do a kahoot which is a tab where it asks you questions and you answer them. Finally in Music we had to create our own music beat using a tab called chrome music lab and then screen castify it. That has been my week so far. Hopefully you enjoyed it.

**Leonardo Vong**: Everyone has been hit hard by this second wave. Particularly the elderly. We all are struggling right now, whether we are in a financial crisis, or even if you don't know what to do at home. Life at home has been hard but we will get through. If we have done it once, can't we do it twice? The daily new case numbers are dropping, but it will most likely be a while before things go back to normal. We will get through this. So, keep your hopes up and live life to the fullest!
