WHAT'S BEEN HAPPENING

Dear families,

This week has been full of celebrations, creativity, and curiosity in our Before and After School Care program. The highlight was the Foundation students' 100 Days of School celebration. It was wonderful to see them marking half of their very first school year with such joy. Their amazing costumes, bright smiles, and excitement made the day truly special, and we were all impressed by their enthusiasm.

The fun didn't stop there! In our Team Kids room, children signed up for their favorite termly clubs, cracked secret codes in our puzzle challenges, and brought their imaginations to life through clay creations. The energy and excitement continued as they explored new STEM activities, sparking curiosity and encouraging problem-solving skills.

Looking ahead, next week we will keep diving into our STEM Club Adventure. The children will continue their journey into the code of nature, discovering how the world around us connects with science, technology, engineering, and maths.

We look forward to another week of fun, learning, and creativity. Stay warm and see you soon!

Warm regards,

Eric

Director of Team Kids Before and After School Care
