HOLIDAY INSTRUMENT BORROWING:

Each year we recommend that students enrolled in the MVIMP Program borrow their instruments over the Christmas vacation period. This allows them to keep up their skill levels over this long vacation.

If you choose not to borrow the instrument or don't complete the form below, your child will need to return their instrument to their tutor at their final lesson in week 9.

For insurance purposes please ensure that the instrument is kept safely in your home (or vacation home). It is recommended that the instrument is included in your personal home and contents insurance at the market replacement value.

ALL MVIMP students need to return this note to me by Wednesday 3rd December 2025
