# About the Student Awards

This year, despite not being able to host a formal Presentation Evening event, the College would like to acknowledge students who have continued to work hard, achieve success and have shown commitment to their studies, their school and the community.

We believe the students at Mentone Girls' Secondary College have proven to be resilient and dedicated to their education program. The students recognised formally by the awards below were able to demonstrate their success through their ongoing commitment and contributions to their learning program.

Congratulations to all students who have received an award in 2021!
