

# BATPACK POP-UP WORKSHOPS: DIGITAL TATTOO SERIES

## 1 'LOGGING IN EARLY'

Children's introduction to their online worlds is happening earlier and earlier.

The 'Logging in Early' Digital Tattoo early years workshop pulls on years of BATForce working across primary schools with Parents and Carers who wish they'd had the information earlier.

This workshop is for parents, carers and grandparents of **Pre-school to Year 2 students.**

**Tuesday**  
**7.00-8.15pm**

**10 SEPT**  
**2024**

BATForce are inviting Families to two online pop-up workshops to explore Young People's online worlds.

These workshops are funded by the Anthony Costa Foundation.

**These sessions are  
ONLINE & FREE!**

The workshops will be run by Leigh Bartlett who has delivered 100's of Digital Tattoo workshops over the last 15 years. Leigh believes that you are your Children's first teachers and their best teachers.

As Children start and go through school the importance of families and schools being on the same page when it comes to tech use is critical.

## 2 'RAISING GENERATION WI-FI'

Supporting Children as we introduce them to the world via the internet, social media/chat platforms and gaming is very much a conversation about relationships not the tech itself.

'Raising Generation Wi-Fi' aims to support Families to develop plans that mirror their own values around how technology use is supported as their children grow and begin to interact with others in their online worlds.

The 'Generation Wi-Fi' Digital Tattoo workshop is for parents, carers and grandparents of **Year 3 to Year 6 students.**

**Tuesday**  
**7.00-8.15pm**

**17 SEPT**  
**2024**
