ONLINE MENTORING GROUPS

- Beginning Week 1, Term 2 we will be running ongoing 4 week blocks of online mentoring sessions.
- Each session will run for 1 hour per week for four weeks.
- The day and time will be confirmed once participants have been nominated.
- Schools can nominate as many students as they like for the online program.
- We have the capacity to run multiple inter school groups across the region.

The total cost of the program will be \$800 GST free for 4 x sessions benefiting 8 x students per session. We will be charging each school pro rata: assuming we reach the capacity of 8 students per session the cost will be \$100 per student for the 4 x sessions.

The sessions will follow a similar schedule to our face-to-face program, adapted to suit the online platform. More information will be provided about content to schools that express interest. Sessions will be run by an I CAN Network Leader and a Mentor. They will be accessed via Zoom which can be downloaded for free on any device.

Students will be able to access the sessions at school or home.
