

Feedback on our Twilight at the Oscars Concert September 6, 2019

A Great Twilight Concert

I just wanted to say thanks to you (and all your staff) for putting together a great Twilight concert on Friday night! Having to be to all of them since Liam started in Year 5 it really stood out as one of the best. Thanks also for pushing Liam out of his comfort zone with his singing which he really enjoyed. My Dad, who is the main person that the music comes from in my family, came to the concert for the first time given that Liam was singing which was a big deal for my boys to have him there (as he's always supportive of them but reluctant to give up his own time to come and see their music/sport) and he really enjoyed it and I think was very surprised by the high standard of all the ensembles.

I saw a number of Year 8 parents over the weekend at party pick-ups and drop-offs and everyone who was at the concert was so enthusiastic about how fantastic it was that the non-performing arts parents were talking about coming to the Christmas one even though their boys aren't involved!

I haven't come across one parent who has anything but absolute praise for what you have all done this year making music so fun and accessible for all of the boys.

Thanks again,

Bernadette Chang

Congratulations for the Great Performance Night - St Pius X College's "Twilight at the Oscars"

We would like to congratulate you and your team for such a great performance evening, "Twilight at the Oscars". We loved the entrance to the hall and the decorations, especially the 2 Oscars and the London phone box! We felt as though we are in Hollywood.

We love especially the tap dancing! It was a simply beautiful touch! That was a really unique and totally unexpected performance. The boy did so well.

We are so glad that John McKinnon and his friends were given such a grand exit as Year 12 students.

We have a few more years to go before Andrew McKinnon finishes!

Looking forward to many more great concerts to come!

With sincere thanks,
Germaine Kew

Music for the Stars

The twilight at the Oscars was a concert that I will not forget. When I saw the posters the week before, I was confused, a theme for a twilight concert? I didn't know what to expect as this hasn't been done for a twilight concert at the gym. However, when I saw the stage, I was astounded by the beautiful decorations to make the gym Oscars-like. The songs played by each band and orchestra showed music relevant to Hollywood. The stand-up performances by the Year 12 MCs were well performed and gave an extra comedy to the evening. This was one twilight concert not to miss. I can't wait to be part of our Twilight Carols in the Domain (aka St Pius)!
