

OCTOBER 2022

COMMUNITYOSH NEWSLETTER

TEESDALE PRIMARY SCHOOL

This last fortnight we have been focusing on the children becoming strong in and taking responsibility for their social, emotional and physical wellbeing. The children have been showing great strength in positively interacting with and including one another in their play space. The CommOSH Kids have been creatively active as they made up their own dance routines, created their own glitter jars to help them relax and writing their own positive affirmations that they can remind themselves and each-other of just how amazing they are. We love seeing our CommOSH Kids feeling safe and engaged in our program, showing us how just how incredible they are! Rachael + Stacey.
