19 July 2021

SPECIAL MESSAGE REGARDING EVENTS LISTED AND COVID-19

Events listed are presented as reported from the home website at the time of collection from the news source. We strongly advise you check directly with the event organisers regarding the delivery of the event due to current restrictions.

UNIVERSITY

UAC Digital / Mental Health and the HSC Webinars

Thursday 2 September

A panel of experts will help HSC students and their parents identify the differences between healthy stress and more serious mental health challenges. We know the recent disruptions to school holidays and classes have been unsettling and no doubt disrupted some of your study plans. It is natural to feel stressed and anxious. If you need some practical advice about managing these feelings, UAC Digital is bringing together a panel of experts to chat about mental health and the HSC. They will help you understand what healthy stress is, suggest strategies to manage your mental health leading up to, and during, the exams, and provide advice on what to do if you are having more serious mental health challenges.

University of Technology Sydney (UTS) New Early Entry Program

Applications open in August

Close 12 September

The UTS Faculty of Engineering and IT has launched a new early entry program, called Edge. This program will allow students to be assessed on Year 11 results plus Edge Points. Edge points are composed of a portfolio and Year 11 grades in STEM subjects. For questions, contact FEIT@uts.edu.au or 9514 2666. Learn more at:

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/early-entry-program-edge>

Western Sydney University Discover Western Webinar

26 August

The August Discover Western Webinar is especially for parents who want to guide and support their children through university application and study. Learn about entry options, careers and different pathways to entry, as well as other aspects of study at Western. Register now:

https://www.westernsydney.edu.au/future/student-life/events/western-webinars.html?cid=em:CAA-Mews-DWW-register_Jul21

ACU Year 12 Revision Seminars for the HSC

August to September

Gain the support you need to succeed during your final exams. Check out the webinars below and register now. Our free online webinars will help you revise and prepare for your exams. Choose from our English, Maths, Business Studies, Biology and more

https://www.acu.edu.au/about-acu/events/year-12-revision-webinars/nsw?_cldee=Z2FyeS5ncmFudEBqb2JqdW1wLmNvbS5hdQ%3d%3d&recipientid=contact-5003b227bd3fe5118108c4346bac3e68-184cb8bcbc7543f5b1bf8ccc9247fd6a&esid=866491ee-b9c4-ea11-a812-000d3a085914

ACU Passion for Law Early Entry - ACU Guarantee Program 2022 Entry

All Thomas More Law School Criminology and Law degrees

Applications close midnight Friday 24 September

Current Year 12 (2021) students are eligible to apply for the [ACU Guarantee Program](#).

The ACU Guarantee program offers eligible Year 12 students a place at ACU based on your Year 11 results, so you guarantee your place at ACU, even before your Year 12 exams have started.

By assessing your Year 11 results, we can give you a predicted selection rank and make you an offer before you sit your HSC. Of course, your final exams still matter – and you still need to finish Year 12 to validate your offer – but you can tackle them comforted by the fact that you already have a place in your university degree of choice.

Register your interest.

Applications for both Criminology and Law degrees under the ACU Guarantee Program will open later this year.

If you would like to be notified of updates and information about important dates and events of interest to the broad justice community, please [Register your interest](#) here.

Your future in Engineering and Technology at Sydney

22 July 2021 7.00pm

The future graduates from Computer Science, Project Management and Engineering must have certain knowledge, skills and abilities in their chosen field. They also have an obligation to use this knowledge, skills and abilities in ways that add value to all of their stakeholders in their work which includes their professional self, their employer, their team, their client, the end user of their work, the local and global communities and also their professional society and their university.

https://uni-sydney.zoom.us/webinar/register/WN_Bea283ZhQCj9Wbgl7rh0LQ

Your future beyond the lab at Sydney

27 July 2021 7.00pm

A degree in Science or Engineering does not mean you simply have to become a “scientist” or “engineer”. In fact, after you graduate your career trajectory may lead to infinite possibilities! As technologies transform all industries, from traditional laboratory science and health research to professional services and engineering consulting, STEM remains big business and career possibilities continue to grow.

Dentistry and the Bachelor of Oral Health

4 August 2021 4.00pm

Hear about Sydney's Dentistry and Oral Health programs and how they lead to a stand out career path. Oral Health Therapists are an integral part of the dental health team of practitioners and a profession in their own right.

https://uni-sydney.zoom.us/webinar/register/WN_gwPBVjy0QHa0C5sXwYud0g

Your journey from high school science to next-gen science at Sydney

29 July 2021 7.00pm

So you are about to finish Year 12 and thinking about pursuing a future in Science, but not sure where to start? Despite common misperceptions that there may only be one ‘scientist’ career, there is actually no set route for a career in Science. Hear from our leading academics in the “traditional” sciences of Chemistry, Physics and Biology, and learn how a degree in Science will build on what you have learnt in high school and open up a world of opportunities in the STEM sector.

https://uni-sydney.zoom.us/webinar/register/WN_hJcCHmBcRfe_vWzagqPc7Q

Science Student Panel and Q&A at Sydney

11 August 2021 4.00pm

Thinking about pursuing a future in Science and want to know more? Join us to hear from our current Science students about what they are studying. Learn how studying for Science or Mathematics may be different to studying other subjects and get some tips for the HSC.

Careers with STEM: Engineering

4 August. 12.00pm

Engineers have always been important innovators, but as the world recovers from COVID-19, they're literally at the forefront of rebuilding everything – from the economy, to our health system, agricultural practices and building new products. In fact, in 2021 there are more engineers needed than ever, which makes studying it at university – or through a TAFE or trade school – a seriously smart career move. Stumped on how to sift through the thousands of engineering-types out there? Join this webinar to find out what are the most in demand jobs and skills and talk to three professionals who are living their engineering dream.
