BECOMING AN EXPERT ON SHELLS
Weeden Heights Primary School

You will learn how to become expert at anything using the WiseOnes shell collection. Here are some of our shells. We have plenty of them for you to choose from to help you become an expert. Learn scientific classifications, photography skills and use the shell kit. Did you know that an expert does not know everything about everything? By the time we get to Week 8, you will be an expert in some kind of shells, knowing their scientific names and characteristics and how that system works. You will be able to present your ideas, confident that you know what you are talking about. You will be using the shells every week and having fun with others.
