## DIRECTORS MESSAGE

On behalf of the organising committee may I take this opportunity to congratulate Numurkah and the region on 10 years of the Numurkah Foodbowl Festival.

Its an incredible achievement to reach this milestone but without the volunteers, sponsors and community giving so much from the start, it simply would not be possible.

Numurkah and this festival have so much to be proud of. If you're visiting please enjoy your time supporting the local businesses, eating out and shopping, all while soaking up the sunshine and fresh air. If you live locally, join us in welcoming our visitors and showing them a great time!

We have changed a few things around this year with the Saturday Festival layout. Please feel free to share your thoughts, with your support the festival will continue to grow and flourish!

Here's to another 10 years of the festival showcasing why we love living in the Sun Country region.

Best, Jamie Lea

The Foodbowl Festival promotes sustainability in a bid to reduce the impact on our environment. Our team has committed to improving this year on year through waste reduction, an improved recycling system and by sharing relevant information to our stall holders and attendees.

Please join us in supporting the local Kindergarten and hire a plate, cutlery or cup from them. Not only will you be helping to raise funds for the local childcare centre but you'll also be supporting the festival to reduce the amount of waste created. Please remember to BYO bag or water bottle too. It's such an easy thing to do but makes a huge difference.
