

# Welcome to 4E

DEAR PARENTS & GUARDIANS,

I am absolutely thrilled to be teaching in 4E this year and to participate in your child's journey of learning, growth, and discovery. Term 1 is packed with engaging lessons, well-defined routines, and numerous opportunities for students to develop confidence and skills. Thank you for your ongoing support.

Tram Dang -4E teacher

In mathematics, students collaborated in small groups to explore numbers and practiced taking turns.

In English class, students collaborated in small groups to connect the characters with their respective countries and traditional cuisines.

## CLASSROOM HIGHLIGHTS

- Engaging lessons, hands-on activities, and meaningful discussions aimed at igniting curiosity and enhancing comprehension.
- A respectful and inclusive classroom environment where students feel secure, appreciated, and empowered to showcase their true selves.
- Motivating students to take ownership of their learning journey while nurturing vital habits such as organisation, perseverance, and self-reflection.
- Students track their growth and transformations while learning to respect others and care for themselves in the “Integrated Unit.”
- Students explore diversity and foster an appreciation for different cultures through captivating narratives, while improving their spelling skills with enjoyable and interactive tasks.

In the Personal and Social Capabilities class, 4E is exploring turn-taking, sharing, and emotional understanding through enjoyable games with classmates.
