

LUCKY JAR DONATIONS

PFA would like to ask students to create some Lucky Jars for the Karlsruhe Fair

- Perhaps a rainy day activity for the school holidays?
- The jars will be collected at school and then sold at the Karlsruhe Fair for a few dollars.

To create a Lucky Jar, simply recycle any empty jar from home, big or small. Make sure it is clean, dry and doesn't smell. Then fill it up with fun, inexpensive, non-perishable goodies - it's that easy! Most people will have a range of small toys or nic-nacs that they don't use anymore which could fit neatly in a jar. Some suggestions are pencils, lego, ribbons, craft items, buttons, marbles, bubbles, balloons, footy cards, novelty erasers, mini toys, stickers, whistles, action figures, matchbox cars or anything else you can think of.

You decide!

- Each classroom will have its own collection box so bring the jars along to class.
 - Thank you for your support and have fun and be creative!!
