

# PARENTS' ASSOCIATION

February 2020 | SSPS

## *Helping Hands*

**Helping Hands** is a wonderful program run by the Parents' Association (PA). Sometimes things happen and families in our community need assistance. This may include cooking a meal for a family or perhaps helping get children to and from school for a short period.

We need volunteers to go onto a list and if/when assistance is needed the group will be contacted and asked to help. This usually happens only once or twice a year.

*Support others during tough times*

If you are able to support, please contact our Helping Hands Coordinator
