[Music Theatre Audition Workshop at the Sydney Conservatorium of Music](#)

13 June

Are you planning to audition for the Music Theatre degree at the Sydney Conservatorium of Music? Take this tertiary audition workshop to understand the requirements and polish your presentation skills to give you an edge in a highly competitive field. This 2.5 hour workshop includes information on the degree course program, tips on how to present your audition videos, and to watch some students present a mock 'live' audition, critiqued by members of the Music Theatre staff in front of your peers (performing a mock audition is optional).

[Sydney Conservatorium of Music Portfolio Information Evening](#)

29 May

Make your application stand out and join us at our Music Portfolio Evening on Friday 29 May.

We encourage you to take this opportunity to receive tailored advice from our academic staff and gain valuable insights to elevate your portfolio, which is a crucial element of your application to study a Bachelor of Music (Composition), Bachelor of Music Composition for Creative Industries Program, Bachelor of Music Digital Music Composition Program, and Bachelor of Music Contemporary Music Practice Program at the Sydney Conservatorium of Music.

[Sydney College of the Arts Portfolio Evening](#)

3 June

Don't miss the opportunity to join us at the Sydney College of the Arts Portfolio Evening, in-person, for tailored feedback and valuable insights to elevate your portfolio to support your application.

Your portfolio is a key part of your application to study a [Bachelor of Visual Arts](#) at the University of Sydney.

[Brent Street 2027 Auditions Now Open](#)

To us, there's no other option when training for a career. To be the best, you have to train with the best. Experience the Brent Street energy – a hub of passionate staff, real-world training and our signature training that's dominated the industry for more than three decades.

Whether it's Performing Arts, Contemporary, Musical Theatre or Academy, these life-changing courses set yet another benchmark for pre-professional training in 2027.

[John Curro National Youth Concerto Competition](#)

Submissions Close 26 June

The JCNYYCC is recognised as the most prestigious competition in Australia for string soloists aged up to 18 years. It was established by Queensland Youth Orchestras in 1976 to encourage the development of young Australian string players. The competition is made possible through generous support from a group of donors called the 'Friends of JCNYYCC.' This includes the provision of Prizes in memory of one of the competition's most generous donors, Veronika Butta.

[JMC School Holiday Experience Day](#)

11 July

Create. Explore. Get ahead. Join JMC for a high-energy day of workshops, student panels, and campus tours—plus expert guidance on turning your passion into a career.

Workshops include:

- Acting
- Animation
- Music
- Audio Engineering
- Film and Television
- Game Design
- Musical Theatre
- Entertainment Business Management

PDHPE

[Western Sydney University - Unlocking Careers in Sport and Health](#)

5 June

These on campus events for Aboriginal and Torres Strait Islander high school students grades 9-12 explore the wide variety of study career options in specific areas of study. Students will also attend a Yarn-Up Q&A session and hear from inspiring Indigenous professionals working in those fields.

Maths and Science

[University of Newcastle - HSC Maths & Computing Study Hub Winter Holiday Intensives](#)

7 - 17 July

Registration Required

Free HSC Maths & Computing Intensives – University of Newcastle
Get exam ready with our free HSC Study Hub Intensives for Mathematics (Standard 2, Advanced, Extension 1 & 2) and Computing (Enterprise Computing and Software Engineering). Delivered on campus at Callaghan, these sessions focus on high yield content, exam technique, and timed past paper practice led by university academics and expert tutors.

Open to Year 11–12 students, this program is designed to boost confidence, strengthen skills, and improve HSC performance. A webinar option is available for regional students.

[How high school physics can lead to an awesome renewable energy career](#)

Renewable energy engineering careers are growing rapidly as the world moves to sustainable energy – but you'll need physics to apply. As a Brisbane high school physics student in the 50s, a young Martin Green — now a professor and world-famous renewable energy engineer — might have been wondering exactly how he'd end up using everything he learned about atom models and vectors in class.

[International Chemistry Quiz \(ICQ\)](#)

Registration Closes 17 July

The ICQ stands out as a unique chemistry education initiative, providing a dynamic and focused exploration of chemistry for school students between years 7 - 12. It aims to kindle interest in chemistry and underscore the crucial role of chemists in society. It serves as an opportunity for teachers to gauge their students' understanding of chemistry and acts as a platform to encourage students to pursue studies and careers in chemistry. Going beyond standard syllabus content, the Quiz is designed to be engaging and thought-provoking. With questions that encourage students to apply their knowledge to real-world scenarios, ICQ is truly an international competition, attracting participants from Australia and across the world. Come explore the world of chemistry!

[National Science Week 2026](#)

15-18 August

National Science Week is Australia's annual celebration of science and technology.

Running each year in August, it features more than 2,000 events around Australia, including those delivered by universities, schools, research institutions, libraries, museums and science centres.

[UNSW Engineering Excursions](#)

17-21 August

We're hosting schools for hands-on activities aligned with the NESA syllabus in Chemistry, Food Technology, Information Technology and Enterprise Computing, and Earth and Environmental Science. Excursions are available across Years 10–12, with some sessions open to multiple year groups. EOIs open on Monday, 1 June – schools may register for more than one excursion. Visit Curriculum Aligned Excursions in the link below for further details, including eligibility requirements.

TAS

[UTS Tech Fest 2026](#)

22-26 June

Now in its fifth year running, Tech Fest is returning with an action-packed calendar filled with showcases, interactive workshops, panel talks, hackathons and real-world tech challenges led by industry leaders. Whether you're a current Engineering or IT student, industry partner, tech enthusiast, or university student of the future, this year's program has an event for everyone.

Tech Festival is a week-long celebration held on campus at UTS. Presented by the Faculty of Engineering and IT, the event features a series of workshops, panels, hackathons and showcases that highlight the next generation of engineers, developers and designers shaping the tech industry.

[University of Newcastle - HSC Maths & Computing Study Hub Winter Holiday Intensives](#)

7 - 17 July

Registration Required

Free HSC Maths & Computing Intensives – University of Newcastle

Get exam ready with our free HSC Study Hub Intensives for Mathematics (Standard 2, Advanced, Extension 1 & 2) and Computing (Enterprise Computing and Software Engineering). Delivered on campus at Callaghan, these sessions focus on high yield content, exam technique, and timed past paper practice led by university academics and expert tutors.

Open to Year 11–12 students, this program is designed to boost confidence, strengthen skills, and improve HSC performance. A webinar option is available for regional students.

[Costal OHS White Card Training](#)

Training available throughout June and July If you have students that require their White Card for work placements or have an interest in working in construction industries now is the time to book your course. White Card training enables students to stay safe in the workplace.

[The Hotel School - Industry Insights Day](#)

22 August

Step into the world of hospitality at Four Seasons Sydney! This exclusive event for Year 12 students gives you a behind-the-scenes look at one of the top venues in the industry and a taste of the exciting careers that could be yours.

[UNSW Engineering Excursions](#)

17-21 August

We're hosting schools for hands-on activities aligned with the NESA syllabus in Chemistry, Food Technology, Information Technology and Enterprise Computing, and Earth and Environmental Science. Excursions are available across Years 10–12, with some sessions open to multiple year groups. EOIs open on Monday, 1 June – schools may register for more than one excursion.
