Children Travelling Safely in Cars

This free online session provides important information on choosing, fitting and using forward facing child car seats.

This is the second session in a two part series (part one covered rear facing child car seats and baby capsules).

We will discuss which car seat is right for your child, fitting your child car seat and booster seat, using your child car seat correctly, and the Victorian road rules and your responsibilities. There will be time to ask questions as well.

This session will be delivered in English with Vietnamese subtitles.

Monday 23 November 10.30 - 11.15am
