Before School Care Service

22nd June 2017

Dear Parents and Caregivers

As of Monday 24th July we will be introducing a Before School Care Service on Monday and Tuesday mornings. Care will be available for students from 7:00am-8:30am on these two mornings only.

The cost of a Before School Care session will be \$12:50 per child which will include breakfast. The service has been approved for Child Care rebate.

To support the Before Care Service to be financially viable, the Governing Council is requesting that families commit to at least a full term booking for the Before School Care service. If care is needed for a single booking this will be considered. If your child is booked in and cannot attend Before School Care, the Director will need to be notified the night before, other wise the fee session will be charged.

The Governing Council will notify parents and provide 4 weeks notice if the service is not viable and needs to cease operating. Parents will be asked to sign a Before School Care agreement to support the Before School Care processes.

Bookings are essential and can be made by contacting the OSHC Director, Rebecca Bergus on 83566018 or 0415362405.

Please contact Rebecca Bergus or Katrina Sexton at the school if you have any questions.

Kind Regards

Katrina Sexton

Principal
