

LA1

WELCOME TO OUR NEST!!!

From the beginning of the year we have aimed to create a warm, caring and supportive environment in our classroom – much like a ‘nest’!!! We provide one another with feedback and we strive to create a learning culture whereby individual differences are not only accepted but celebrated and strengths shared and nurtured. They say a picture says a thousand words so the children from LA1 would like you to enjoy their slide show of the year so far! They represent our core values of caring and sharing, teamwork and learning together!

Our major achievements so far include hosting Assembly, working as Peer Tutors (reading to Reception students in LA6) and completing a successful week of swimming.

Please enjoy our photos!
