**UMM is that feeling you get when something feels off or unsafe in the workplace.**

Young workers have higher injury rates than other worker age groups, so WorkSafe Victoria has launched the [Feeling UMM...? campaign](#) to help you understand your rights and know what to do next if you're feeling uncomfortable at work.

Feeling Umm working in hospitality

Feeling Umm working in construction

## Questions For Your First Day at Work

### Download Questions for Your First Day at Work

You might have a lot of questions about your new job on the first day. Here's a few things you can ask, if they haven't been mentioned in your induction.

As you read each question, think about how you would ask it in your own way.

**Feeling UMM...?**  
Your first days in the workplace

Entering the workforce for the first time can be intimidating and exciting all at the same time. You will likely have lots of questions about your new job and that's okay. You can ask your manager or a colleague any questions, no matter how silly they seem, as they help keep you safe at work.

Here are a few questions you can ask if they haven't been covered in your induction or you would like more information.

| Go-to people at work  | Doing your job  | Questions that make you go UMM...   | Bonus questions   |
|---|---|---|---|
| Who do I ask about my hours/ pay/breaks or if I need to change my shift or availability?<br>Who do I contact if I am unable to make a shift due to an illness?<br>What is our policy around sick leave?<br>Who is my buddy, trainer, or supervisor to help me while I learn?<br>Do we have a Health and Safety Representative (HSR)?<br>Who do I tell if I think a staff member or customer's behaviour is not right? | What do I do if I see something unsafe?<br>Can you please show me how to do... again?<br>What do I do if I get injured?<br>If I'm not sure about how to do something, where can I get help? | Who do I ask if I need to go to the bathroom?<br>What do I do if I need to take a break?<br>Where do I take my break?<br>How often do I take a break? | Where are the first aid kit and emergency exits?<br>Can you please send me/print out the induction information? |

If you still have any further questions about your rights in your workplace, you can always contact WorkSafe's advisory service on 1800 136 088.

WorkSafe UMM WorkSafe VICTORIA

## 1. Virtual Reality Game Developer 🎮

If creating experiences for game consoles, mobile platforms, and PC tickles your fancy and you have a passion for computers and coding, this could be the job for you.

## 2. Ethical Hacker 🛡️

Ethical hackers essentially secure and improve the technology of organisations, looking for vulnerabilities that can lead to a security breach.

## 3. Software Developer 💻

Software developers build and maintain for platforms for businesses and services. Without them, technology would crumble.

## 4. Data Analyst 📊

Data analysts are analysing, extracting, and presenting data. They then give guidance and advice to companies based on their findings.

## 5. 3D Architect 🏗️

In the realms of architecture, engineering and urbanism, 3D models are becoming more and more popular so that customers can visualise the finished building or product.

## 6. User Experience (UX) Analyst 🌐

The role of a UX Analyst is to make sure you don't get a headache whilst using a website or product. They examine how users experience a website or product, then know how to improve it.

## 7. Blockchain Developer 🔗

Blockchain technology is predicted to enhance more than 40 million jobs globally by 2030. Its association with cryptocurrencies like Bitcoin isn't its only use – it's already been used in the automotive industry to record the history of cars to prevent seller fraud. With information recorded on the blockchain, it's 100% secure.

# Mathematics and Statistics Research Competition

## Mathematics and Statistics Research Competition

[The University of Melbourne School of Mathematics and Statistics Research Competition](#) is an opportunity to use your creativity and problem-solving skills to make choices about how best to ask and answer questions about your project.

Teamwork is an essential skill for research, so you're encouraged to participate in a group so you can work collaboratively. However, you may participate individually if you wish.

You will receive a set of open-ended research problems from which you choose one and then employ methods used by mathematical researchers to investigate the problem; gather data, simplify, visualise, hypothesise, conjecture and prove.

## Details

- Open to students in Grade 5 –Year 12.
- Free to enter.
- Enter individually or as a team.
- Information to enter is on the [FAQ](#) and [Submission](#) pages.
- Closes 31st July 2024.

Get involved in these extra-curricular challenges and competitions to pursue your passions, build your skills, and develop your portfolio. All are free (unless otherwise stated), and many offer amazing prizes!
