

RORYS RACE TO END DUCHENNE

In January 2025, Rory was diagnosed with Duchenne muscular dystrophy, a rare and devastating muscle-wasting condition with no known cure (yet).

Our community is rallying together to support Rory and his family as they navigate this incredibly challenging journey!

Your donation to the Save Our Sons Duchenne Foundation helps fuel life-changing research, strengthen advocacy efforts, and provide essential support to families facing Duchenne muscular dystrophy
