

We would like to acknowledge the traditional custodians of this land. We pay our respects to the elders both past, present and emerging.

WELCOME BACK!!!

A big warm welcome back to all our TheirCare students and families. We look forward to a fun and eventful term 3. We have lots of engaging and entertaining activities planned for our BSC and ASC sessions and look forward to seeing you there.

WEEK ONE

Bug week was full of lots of creepy crawly fun as we explored the world of insects with the kids. We had lots of fun colouring in different bugs, learning about the lifecycle and trying to find real life insects on our nature walks.

WEEK TWO

Week two was a hit with our around the world theme. We got the chance to learn about all our TheirCare families and where we all come from. We explored the different countries and their unique foods, clothes and cultures. We had lots of fun drawing a range of flags from around the world!

If you have any feedback or suggestions please do not hesitate to reach out as we are always open to new ideas! This week, our menu was created collaboratively with our children and we came up with a very delicious selection! This week we served pasta, rice cakes, vegetable fried rice, vegetarian spring rolls, rice crackers with dip, avocado, cheese slices, butter, vegemite and jam or tzatziki dip and corn chips with salsa! The students also enjoy a great selection of healthy fruits and vegetables! Our weekly menu follows Nutrition Australia's guidelines and is created with the children and parents. All cultural needs are considered. Any dietary requirements are to be discussed with the program coordinator.

Anushka has returned and resumed her role as co-ordinator!
