

Date Wednesday 27<sup>th</sup> August

Dear Parents and Carers,

Catholic Education Sandhurst Ltd is pleased to announce an exciting partnership with world-renowned educational neuroscientist, Dr Jared Cooney Horvath, who conducted our diocesan wide three days of professional learning at the beginning of term 2. Jared is a global leader in the Science of Learning, and his work offers powerful insights into how students learn and how we can best support them to thrive at school and beyond.

As part of this partnership, Dr Horvath has developed a special series of presentations specifically for parents and carers, focusing on how to understand and support children on their learning journey.

We are delighted to be able to share these three informative recordings with our school community as we continue our shared mission of helping every student reach their full potential.

Please see below for the presentation topics, dates, times and the session links.
