WEEK 7

10/03 - 14/03

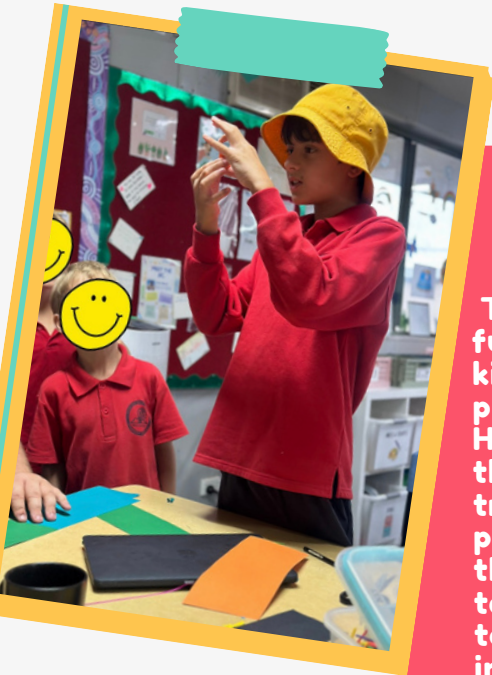

This week, our before and after school care program focused on providing a fun, engaging, and safe environment for all children. Our activities included playing on the playground, where children enjoyed climbing, sliding, and participating in team games. We also encouraged creativity through drawing and recycled arts and crafts projects, allowing the children to explore their artistic talents while promoting environmental awareness. Additionally, the children participated in various sports, helping to foster teamwork, coordination, and physical activity. Staff continued to ensure that each child felt supported, happy, and engaged throughout the week.

WEEK 8

17/03 - 21/03

This week in TheirCare, the children enjoyed a variety of fun and engaging activities. They got creative in the kitchen during our cooking session, where they learned to prepare delicious treats together. We also celebrated Harmony Day, fostering a sense of unity and understanding through discussions, art projects, and sharing cultural traditions. The kids spent time colouring in vibrant pictures, showing off their artistic talents, and expressing themselves. Group games were a hit, encouraging teamwork and friendly competition, while everyone worked together to reorganize the service space, making it more inviting and functional for all. It was a week filled with creativity, collaboration, and community spirit!
