## **Bond University College**

Located within Bond University's classically designed campus on Queensland's Gold Coast, **Bond University College** is fully integrated with the University's educational structure and lifestyle. **Bond University College** provides pathways to undergraduate study, including English language programs. **Bond University College** offers a range of diplomas which pathway to bachelor courses, and ATAR requirements are lower for diplomas than for bachelor degrees - [Bond University College Diplomas](#). Successful completion of a Diploma guarantees students a place in the undergraduate degrees at Bond University, with a possible 80 credit points credited towards their new program of study.

As full members of the University community, Bond University College students enjoy access to Bond's libraries, IT resources and research facilities, as well as student support services, recreational facilities and accommodation.

## **New Bachelor of Nutrition Science**

*Nutritionists help communicate nutrition science to the public and advise the community about food choices for healthy eating. Studies in nutrition therefore include the nutritive value of foods, the nutrients that bodies need at different stages of development, and the role that nutrients and diet play in health promotion and disease prevention. Nutrition links very closely with the national health priorities in Australia such as obesity, diabetes, cardiovascular disease much of which are preventable through healthy lifestyle.*

ACU's new 3-year **Bachelor of Nutrition Science** program will focus on general healthcare, chronic disease management, Indigenous health, and other emerging areas of need in the industry and will appeal to students interested in careers in nutrition including nutritionists in public and private industry, hospitals and public health sectors, e-health and tele-health, in nutrition communication, and in the food science and in the research and development sectors.

Importantly, the program will also provide the basis for postgraduate studies in dietetics. Dietitians treat disease through diet and therefore require further studies and clinical practice in health settings.

The VCE pre-requisites are: Units 3 and 4 – a study score of at least 30 in English (EAL) or 25 in any other English.
