

Meet Baggins

OUR THERAPY DOG

Baggins Role

Baggins, a male Koolie, is a certified therapy dog.

Baggins will work at school to support students in the re-engagement of onsite learning and their wellbeing.

Research tells us:

The effects of a therapy dog in schools is showing a range of benefits including:

- Increase in school attendance
- Gains in confidence
- Decrease in anxiety
- Improved motivation and positive changes towards learning
- Enhanced relationships with peers and teachers

Therapy dogs are known to help people with skills relating to empathy, kindness, respect, tolerance, responsibility, self-confidence, reading, control, anxiety and much more!

DOG THERAPY OPT OUT OPTION

We understand that there may be some families who do not want Baggins to work directly with their child. An OPT OUT form will be available on compass for any family who wishes to OPT OUT of the therapy dog program.
