

This Term in Heath Learning Place

Term 2 learning focus

Literacy:

Phonics and word knowledge, Narrative and Poetry, Text Structure and expressing ideas, Responding, examining and creating literature, analysing and creating texts.

Numeracy:

Naming, counting and Place Value, Addition, Subtraction, patterns and 2D/3D shapes.

SWPBS:

The students worked on situations and skills throughout the school day that require our school value of Being Kind to themselves, others and the environment.

Specialists:

The students worked on their Hockey, Touch Football, Gymnastics, Soccer as well as their fundamental movement skills during P.E.

During Visual Art the students learned about shape and form by creating with synthetic and natural materials, clay and collage.

Heath Learning Place

Dear Heath Families,

We have had a fantastic year so far. The students have done so well getting used to the daily routines and engaging with their learning.

This term we have had our Paper Planet incursion where students added artwork to an installation we had set-up in the stadium. The students transitioned to the stadium with practise they have had during their P.E. lessons.

We began having weekly assemblies to support our students to transition and also to learn about the school and what their peers have been achieving.

We are looking forward to some of the Bursaria students assisting us with our Cafe program next term. The heath students will practising their customer skills while the Bursaria students will practise their vocational customer service skills. It is fantastic that our Heath students will have such wonderful role models!

We hope that you all have a safe and relaxing holiday and we are looking forward to seeing you in term 3!

Kind regards,

Janelle Campbell Leadin

Heath Learning Place

Announcements

Term 2 ends on Friday 26th of June at 2pm.

Term 3 begins on the 13th of July.

*****THEIR CARE STUDENTS**

Please note:

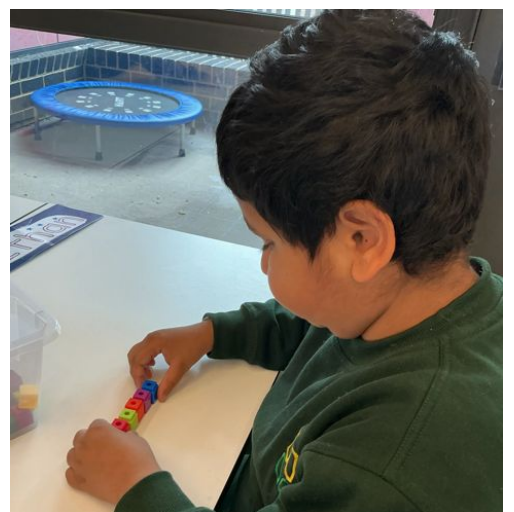

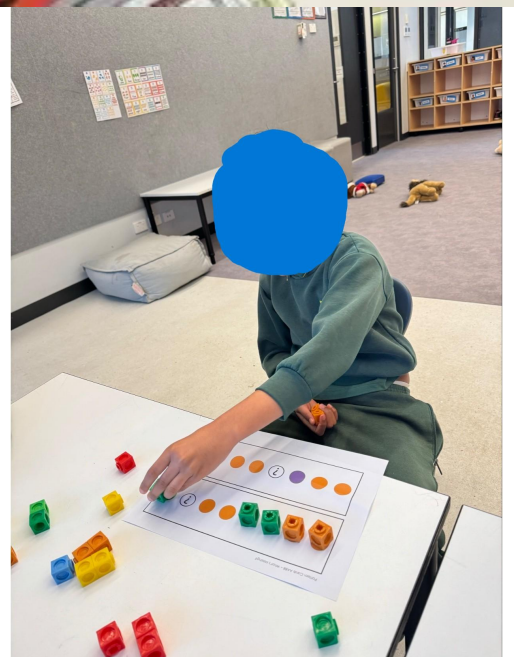

If your child attends Their Care on Fridays, they will need to be picked up from school at 2pm on the last day of term.

Their Care does not take students until 3pm and there are no school staff available to care for your child until Their Care opens.

If you have have any questions about Their Care, please contact them on 0499 553 816.

Numeracy

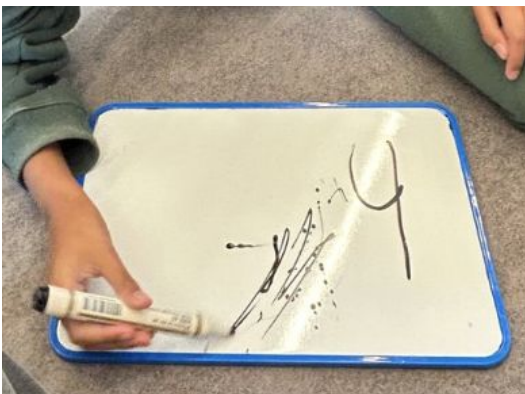

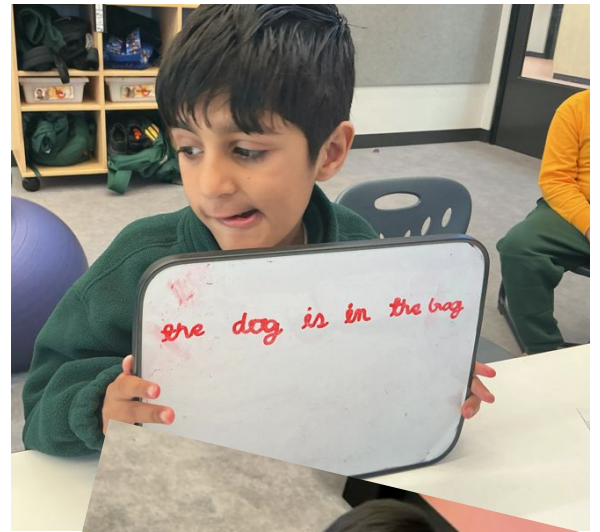

Students participated in a variety of maths activities this term, including learning number names and placement, shapes and patterns. They enjoyed playing interactive games on the interactive whiteboard and taking turns answering questions. They also created different craft activities using a range of shapes. Students particularly enjoyed using blocks and manipulatives to create and make patterns too. We can't wait to explore more learning experiences in maths next term!!

Literacy

This term we read a variety of poems and stories that connected with our integrated unit. We explored rhyming words, described parts of the story and wrote our own sentences.

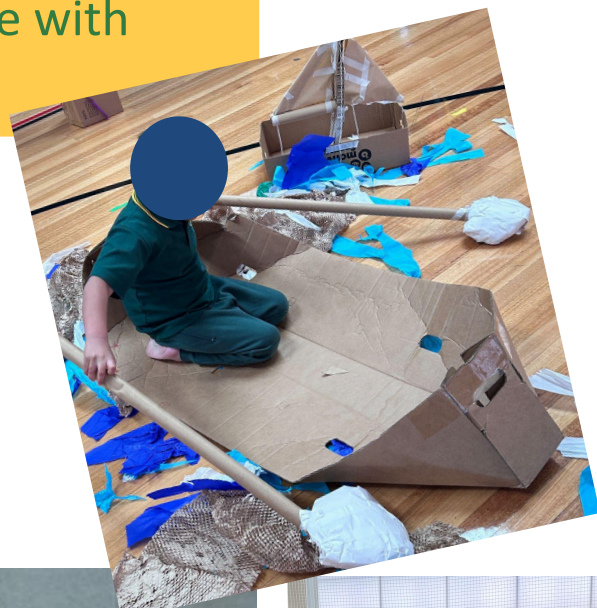

In phonics we have continued developing our knowledge and fluency with letter-sounds and using them to read and write words.

Paper Planet

We had so much fun at our interactive art installation 'Paper Planet'. We explored a whole world of adventure - all made with PAPER!

Our Earth in Space.

Learning about Our Earth in Space has involved lots of hands on and fun experiences as we explored the different parts of our solar system. We explored the sun and stars. The moon and all the different planets. We got to celebrate our learning by inviting parents to come and see some of the amazing things we have made.
