

CRICKET NSW

Following extensive consultation with Cricket NSW and community members, the upcoming 2025/26 season will be seeing junior cricket in Tamworth move from a schools-based competition to a club-based competition.

The competitions will be transitioned into age-based competitions to align with junior representative and pathways cricket competitions. Furthermore, the change to club-based cricket will also provide a clearer pathway for cricketers to move through the junior space into senior cricket as they continue to grow and enjoy the game of cricket.

Currently in Tamworth there are 6 clubs that children can register with. To make for fun competitive competition, ideally, we would like all of the clubs to have good representation in all areas of participation and all age groups.

For those starting out in cricket, all of the clubs are going to continue to run a combined Saturday morning **Cricket Blast program**. As per previous years, the youngest group will commence at 08:00, with the older group commencing at 09:30. Each club only has one registration point as per the links below:
