I Am Ready

program

Week 6 -27/5/22

When we are at work we need to be able to think through a problem, solve a task, stay on a task, prioritize what is important to do first and to find another way to do it if the way we are doing it doesn't work.

We also need to ask questions and listen to instructions.

Thinking outside the box using our Superpowers.

Using initiative, problem solving skills, teamwork, cooperation, creative thinking, completing the task.

Following in the rules of the number game.

Listening and being able to follow instructions is a Superpower too!

Jye sharing his knowledge about how to write a Resumes

SCOOP OF THE DAY

Words that can describe our personal qualities.

Thank you to Kelsey and Blake for writing the text on the board for us!

" I learned what employers may want and what to include in Resumes"

Leroy

" I kind of already knew about Resumes but wasn't sure. I learned you have to update your resume often."

Sky

" We learnt about our Resume and how to dress and what to wear and how to write them."

Leah

"I learned the you need a lot of information about yourself in the Resume."
