

WORKING ON WATER

YEAR 9 & 10 PROGRAM

19 – 21 OCTOBER 2026

SEAFOOD
INDUSTRY
TASMANIA

A UNIQUE EXPERIENCE FOR YOU!

WoW is a unique three-day program for year 9 and 10 students to explore Tasmania's diverse employment opportunities on, in and around water.

From touring aquaculture farms to dissecting fish and visiting marine research centres, students get hands-on insights into real career pathways.

After a record-breaking intake in 2025, feedback showed the program gave students a clearer understanding of job opportunities, and many walked away inspired for their future.

Since 2008, over 700 students have taken part, connecting with more than 120 local business and more than 40 sponsors.

This is where learning meets opportunity!

JOIN US!

Come and be part of the transformative program that spans over three days across the dynamic realms of Tasmania's seafood and marine industry.
