

COMPUTER GAMING

PASSION OR ADDICTION?

CBC St Kilda in conjunction with St Mary's Primary School invite parents to an Information Evening about Student Gaming.

Thursday 22nd August 2019
7.30PM to 9.00PM

CBC St Kilda, Logue Hall,
(Entrance C) 11 Westbury St, ST KILDA EAST

Video games are very engaging and creative in their storytelling and offer a thrill packed experience that takes us to places we wouldn't otherwise be able to go. However, students can overstep the line where video games take up too much of their time and this affects them in ways they don't expect.

Approaching problematic gaming with experience-based strategies and current information on the psychology of games, GameAware programs have been the catalyst for change for many families.

GAMEAWARE

Special Guest:

Andrew Kinch
Founder of Game Aware

This is a fully sponsored event for parents and over 18 year-olds, compliments of CBC St Kilda and St Mary's Primary - although bookings are essential via this link, <https://www.trybooking.com/BEKUL>.
