

Year 2A Families

23rd June 2026

Dear 2A Families,

I would like to provide you with an update regarding our Year 2A class as we move towards Term 3.

As our school continues to grow and evolve, there have been some adjustments to staffing to best support our students and the broader needs of the school. Mrs Leah Sandl will be transitioning into the role of Performing Arts teacher, where she will support learning and engagement across the school.

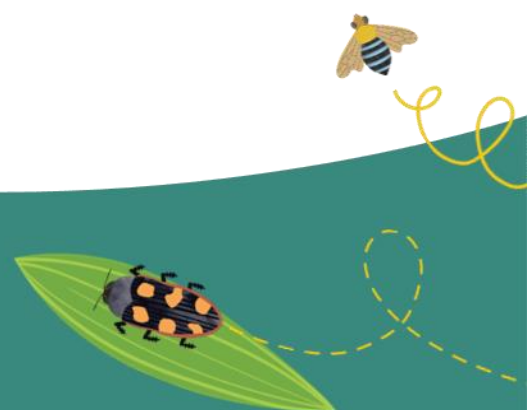

To ensure continuity and consistency for students in 2A, Miss Hollee Gray will be joining the class as their classroom teacher from the beginning of Term 3. Miss Gray brings a wealth of experience working with students across a range of school settings and has recently been providing speech intervention support for students. Her diverse skills and expertise will be a valuable addition to Balambalam Primary School, and we warmly welcome her to our community.

Miss Gray commenced her induction today and has also had the opportunity to meet students and begin building positive relationships with the class. She will also be attending some of the Parent-Teacher Interviews this evening, providing families with an opportunity to meet her as we begin this transition.

Over the coming weeks, Mrs Sandl and Miss Gray will work closely together to ensure a smooth and well-supported transition for all students.

Balambalam Primary School

100 Goldfields Boulevard, Clyde North 3978

Importantly, students will continue to see Mrs Sandl regularly through the Performing Arts program and school-wide learning experiences. Mrs Sandl will also work closely with Miss Gray to support continuity of learning and maintain the strong relationships that have already been established with students.

Our priority remains maintaining continuity, stability, and a positive learning environment where every student can thrive. We are confident that this transition will be a positive one for our students and appreciate your ongoing support as we continue to grow and strengthen our school community, always with a focus on providing the best possible outcomes for every child.

Warm regards,

Danielle Heatley
Principal
