University of Sydney - Year 12 Environmental Engineering Evening

4 April

Environmental engineering is crucial for developing sustainable solutions to address pressing environmental challenges, ensuring the health and well-being of both ecosystems and human populations for generations to come.

Join us as we celebrate the debut of the University of Sydney's Bachelor of Engineering Honours (Environmental Engineering) degree. Students presently in Year 12 will be granted exclusive access to our cutting-edge laboratories, where they can observe the transformative effects of environmental engineering through real-world demonstrations. They will have the privilege of engaging with experienced environmental engineers actively shaping the field. Attendees can delve deeper into our pioneering degree program, slated to commence in 2025. Light refreshments will be served. Due to the limited space available in our laboratories, numbers are strictly limited, and registration is essential.
