

MAWSONS CADETSHIP PROGRAM

MAWSONS®

My experience in the 2023 Mawsons Cadetship program has been amazing.

I have met so many great people throughout my time at Mawsons, in a range of different working environments including Quarry Operations, Technical Services, Concrete Operations & Mechanical Services.

I am so grateful to have had many enjoyable opportunities during my cadetship. I have learnt a lot of new skills from the experienced staff at Mawsons and have been given the best chance towards finding the right working environment to progress my career. I look forward to my future at Mawsons and highly recommend the Cadetship Program.
