TERM THREE

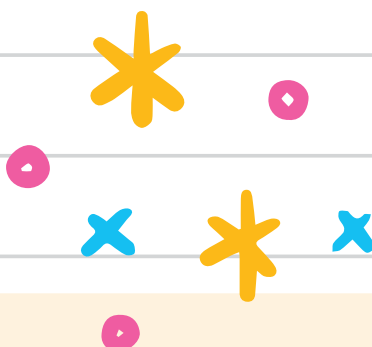

2024

TERM REPORT

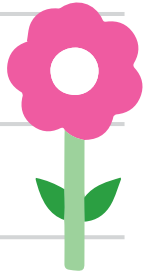

Coordinator: Louise

2IC: Belinda

Meet the Team

Louise

Coordinator

Bachelors of Primary Education.

I bring a constant smile and positive energy to everything I do, creating a supportive and inclusive environment for all children and families.

2IC Belinda

Regular Educators: Nicola, Bianca, Suzanna, Marie, Zayneb

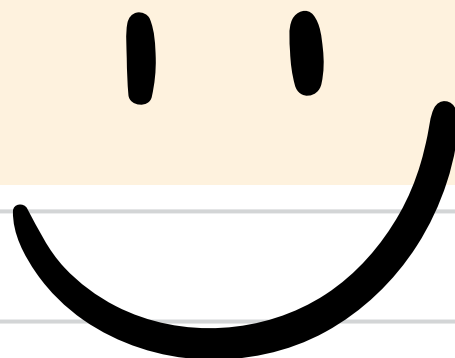

Service Updates

We've had a fun, active, and creative Term 3 at Footscray West TheirCare, and we wanted to share a quick update on all the exciting things happening in our service!

We're excited to introduce our new 2IC, Belinda! You'll see her throughout the holiday program, please say hello and make her feel welcome!

- This term, we also launched some fantastic new clubs that the children are really enjoying; LEGO Masters, Craft Club, Worldwide Wednesdays and Dance Club.
- We've also continued our Community Service Project in partnership with a Community Health service, focusing on wellbeing and community engagement. This partnership will carry into the next term with more exciting activities and learning opportunities.
- Upcoming Library Visit: We're planning a visit to the local library soon—stay tuned for more details!

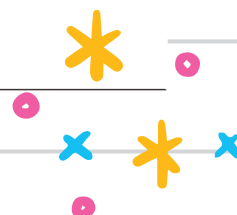

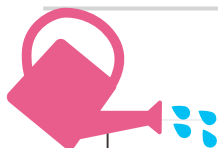

Outdoor Play

At Footscray West, the children have loved staying active with soccer, football, and playground tiggy throughout the term. We also introduced some traditional Indigenous games, which everyone enjoyed – this was a fun way to learn about culture through play.

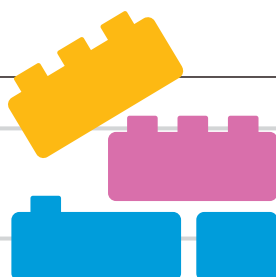

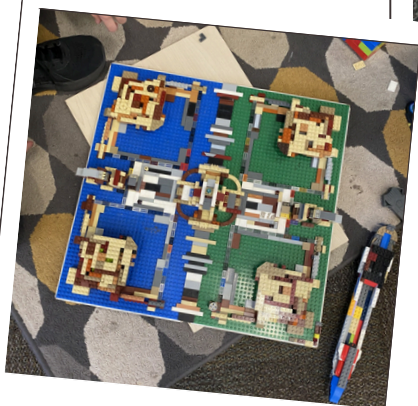

This term also saw the launch of our Friday Dance Club, which has quickly become a favourite—bringing plenty of laughter, movement, and a fun way to wrap up the week!

Construction

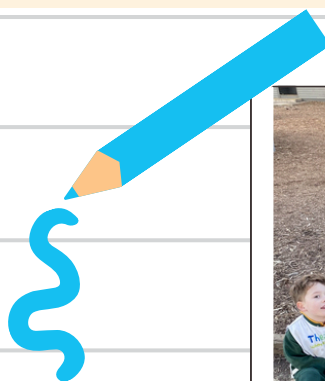

The children have shown great skill and creativity building detailed projects with magnets, blocks, and LEGO. Many spend hours—even days—perfecting their creations, showing focus, problem-solving, and perseverance. They're always proud of their work, and it's wonderful to see their confidence grow through construction play.

Arts and Crafts

This term, the children have truly enjoyed exploring their creativity through a variety of arts and crafts activities. They engaged with many different materials, with some favorite projects including making crystal art using salt and glue, crafting pictures from natural materials, creating dream catchers, and designing decorations for RUOK Day. We've also launched a craft club that runs every Tuesday, Wednesday, and Thursday, where kids are loving the chance to use their imagination and follow prompts to bring amazing projects to life. It's been wonderful to see their enthusiasm and creativity flourish!

STEM

This term, the children had so much fun getting hands-on with a range of exciting experiments! They built their own snowmen and watched them melt, created a rainbow using simple materials, and even made an egg bounce! These activities sparked lots of curiosity and laughter, and it's been great to see the kids so engaged. We're already looking forward to exploring more fun and messy experiments next term!

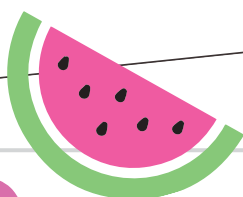

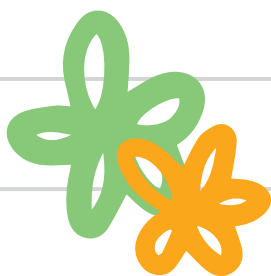

Wellbeing

This term, the children enjoyed yoga and dance sessions that helped them stay active while calming their minds. They also had access to a safe space to relax and practise mindfulness. Alongside this, they supported our WeCare charity, learning the importance of kindness, empathy, and respect—values we carry through in our service every day.

Gallery

Thank you for another wonderful term at TheirCare!

As we come to the end of another term, we'd love to hear your thoughts and feedback—as always!

Feel free to email us and share what activities your child enjoys, how you find our staff's communication and interaction, and any suggestions you may have about inclusivity or our learning environment. All feedback is welcome and appreciated!

Your input helps us keep our programs engaging and ensures we continue to grow and improve for all children. Thank you for your ongoing support!
