Fencing Supply Centre is looking for its next star Apprentice Welder

Who we are:

Fencing Supply Centre is a local, leading business in Bayswater specialising in the manufacture and wholesale of quality security/fencing product and fencing components. Our products are proudly designed and manufactured in house, giving us a competitive advantage nationally. We currently have over 30 staff and we are expanding in the near future.

As an Apprentice Welder at Fencing Supply Centre, you will have the opportunity to learn and develop essential welding skills while working alongside experienced professionals. This apprenticeship program is designed to provide you with hands-on training and guidance to become a confident welder. The right individual will be hard-working, enjoys meeting challenges and is looking for a long-term, rewarding career.

We are looking for an Apprentice Welder / Fabricator who may have completed a pre apprenticeship through a Vocational Education and Training program and would like to continue with a work-based apprenticeship.

Key responsibilities:

- Assist in the setup and preparation of welding equipment
- Learn and apply various welding techniques such as MIG, TIG and stick welding
- Perform welding tasks under the supervision of experienced welders
- Maintain a clean and organised work area
- Follow safety guidelines and practices to ensure a safe working environment
- Learn to read and interpret welding blueprints and drawings.

About you:

- Hold a pre-apprenticeship in Welding through VET program.
- Ability to work as part of a team alongside experienced and apprentice welders.
- Willingness to learn and take direction from our experienced welders.
- Basic math skills
- Have a reliable mode of transport

What we offer:

- Wages paid weekly
- Comprehensive on-the-job training and mentorship.
- Opportunities to further your career

To be considered please email your resume to info@fencingsupplycentre.com.au
