

## Rocky River Public School Face Book Page

Dear Parents and Carers,

As a school, we have decided to set up an official Facebook page for our school called *Rocky River Public School*. This website will be set up by the NSW Department of Education and it will be an official page.

The purpose of the Facebook site is purely to communicate school events and achievements. When viewers access the site, they will be reminded of the conditions placed such as being respectful and not posting negative and/or inappropriate comments. The school site is monitored by the NSW Department of Education and is set up according to appropriate rules and conditions for schools.

Many schools use Facebook as a communication tool for events, messages and as a form of contact in emergency situations such a bushfires.

From time to time, we would like to publish student achievements. **Please note we will NOT upload your child's photo without your written consent, attached to this notice.** A permission note for this is attached and will remain on file until changes in writing are received by the school, by parents and/or carers.

If you grant permission for your child's photo to appear, please complete the permission note below and return it to the school.

If you have any questions, please contact me at the school. We will advise families when the school Facebook site is live via the Audiri app.
