WHAT'S BEEN HAPPENING

Dear families,

This term at Before & After School Care, we're thrilled to launch our Gingerbread Village Challenge, which will run for eight weeks. During this time, the children will design, bake, assemble, and decorate their own gingerbread houses, creating a magical village together. This week, they'll begin by designing their houses and learning basic engineering concepts to ensure their structures are both creative and sturdy.

In addition to the gingerbread fun, we'll celebrate National Pasta Day by creating pasta art. The children will experiment with different types of pasta to form unique patterns, allowing them to explore their creativity. We'll also celebrate World Wombat Day by making paper wombats, giving the children a chance to learn more about this iconic Australian animal while enjoying a fun crafting activity.

Stay tuned as we build our gingerbread village and enjoy these exciting activities!

Warm regards,

Eric

Director of Team Kid Before and After School Care
