St Brigid's Prayer

St Brigid, Mary of Ireland
Ask for us all today,
The courage to be God's friend,
What ever the world may say.
The grace to be strong and confident,
The grace to be kind and true,
The grace to be faithful always,
To God, God's Mother and You.

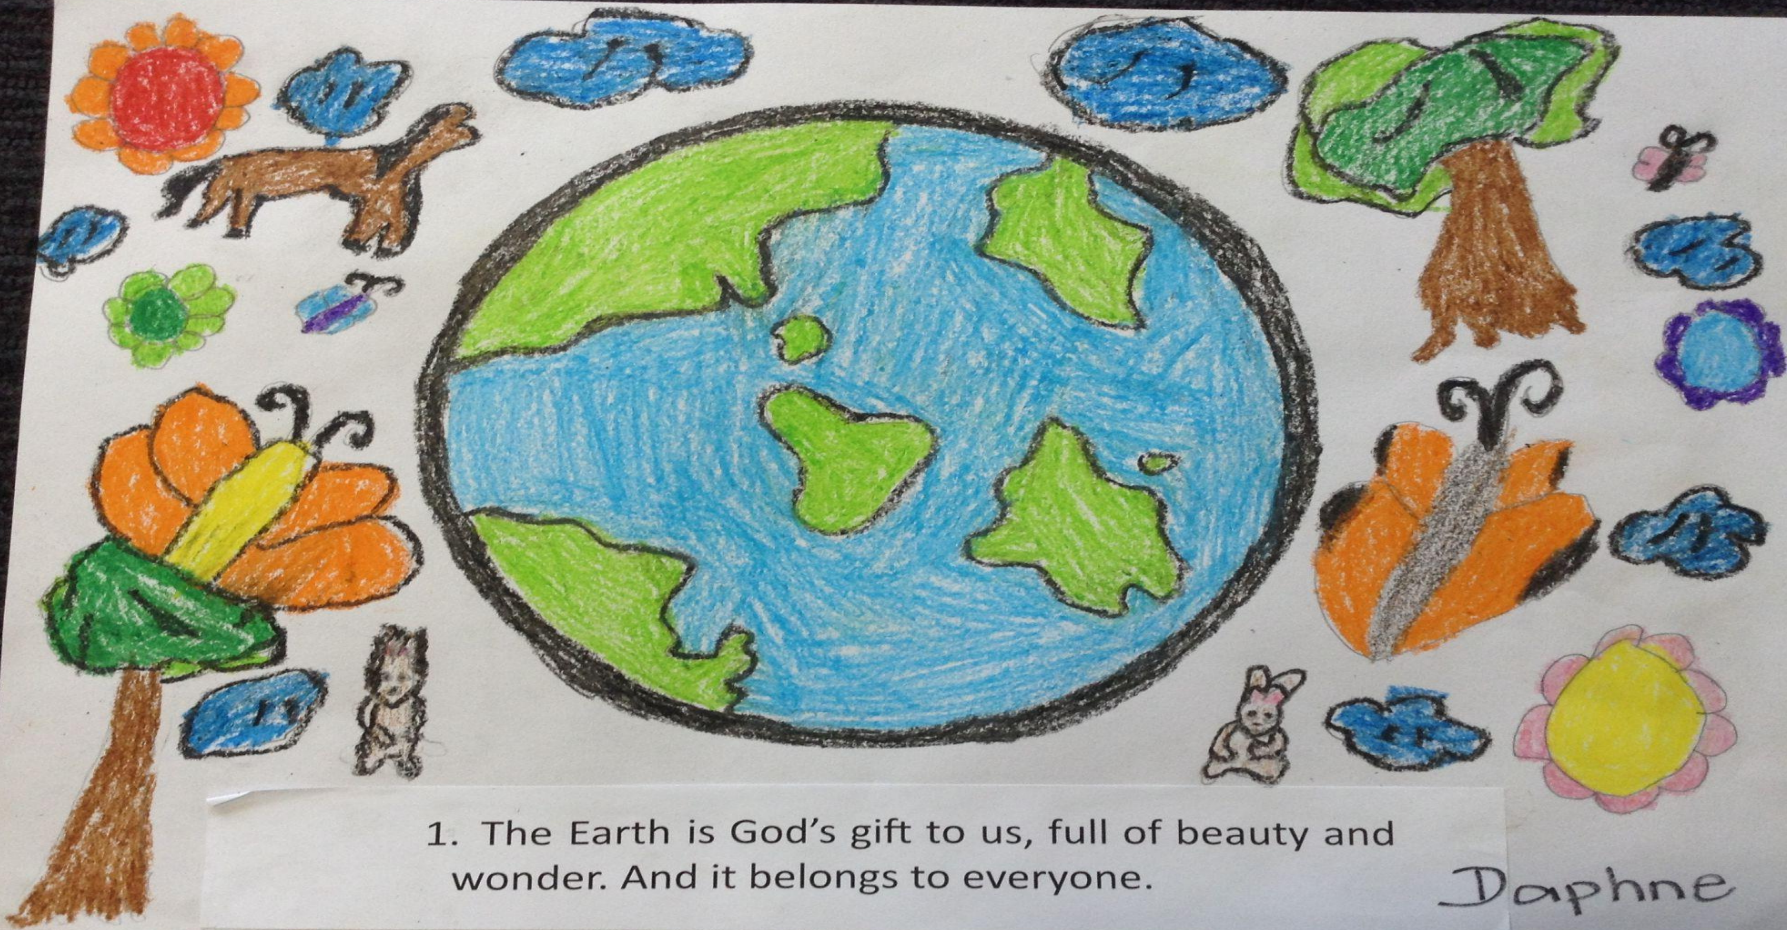

‘Laudato Si ‘

A letter from Pope Francis to all the citizens of the world.

**‘Care for our
common home.’**

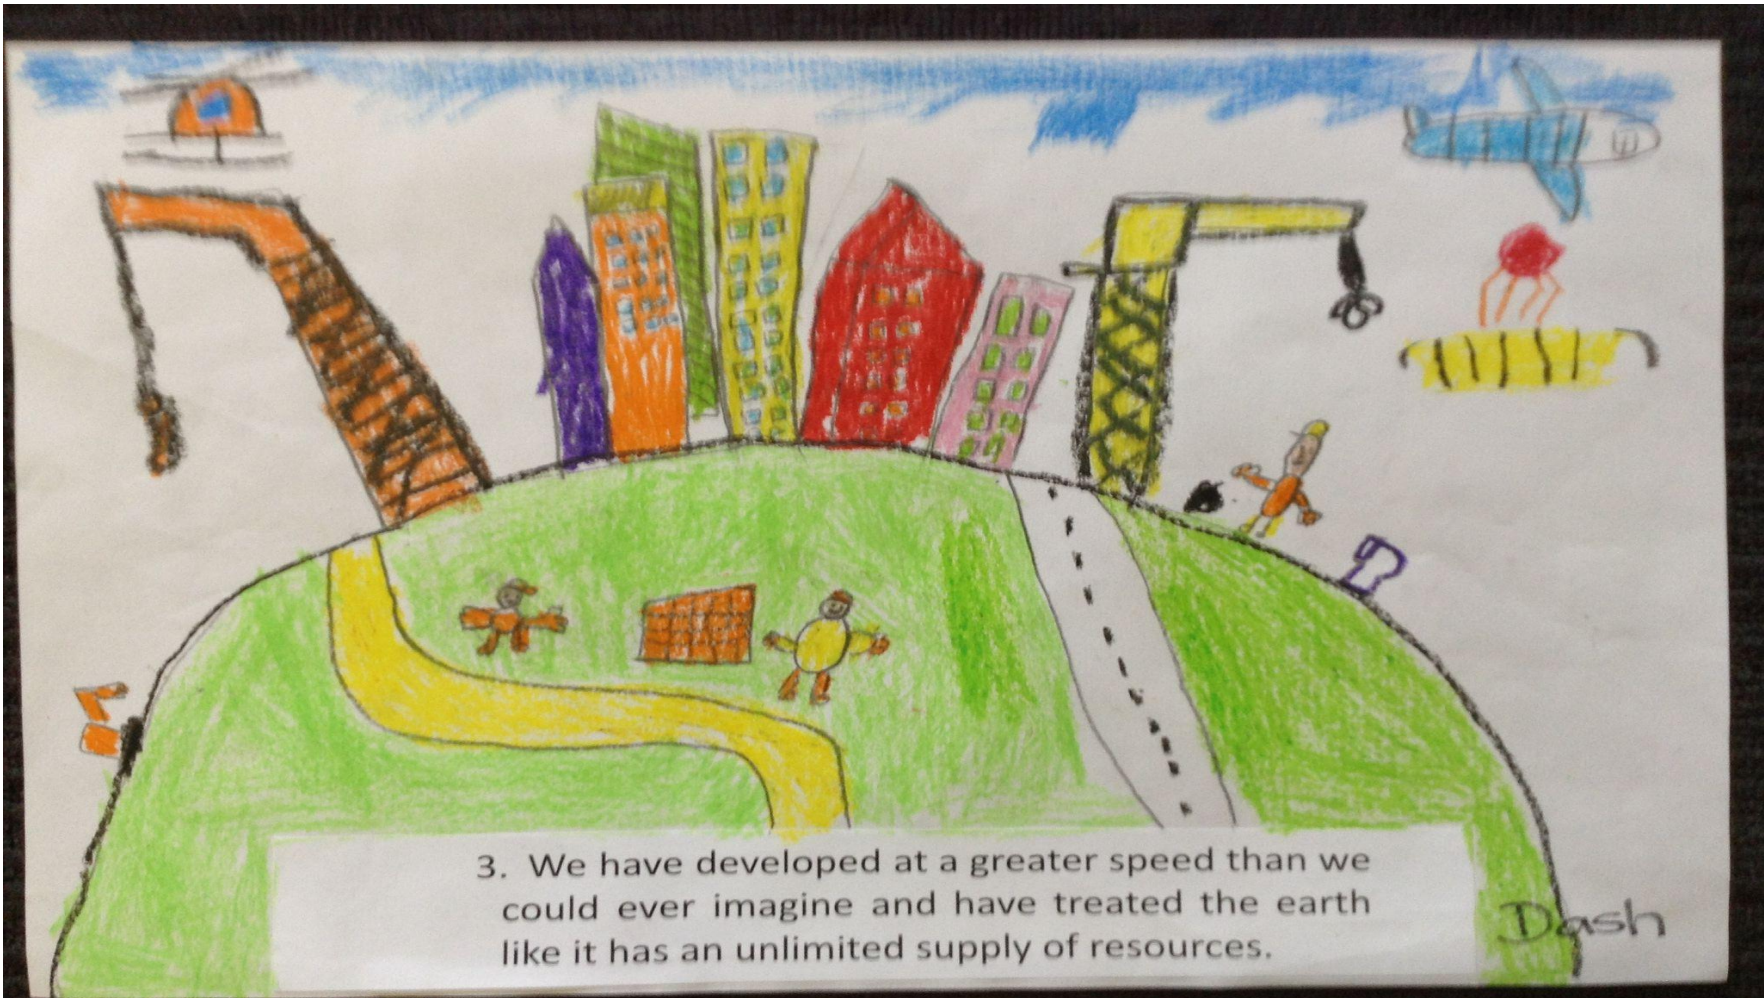

1. The Earth is God's gift to us, full of beauty and wonder. And it belongs to everyone.

Daphne

2. But what we see today is that our common home has never been so hurt and mistreated.

Mikki

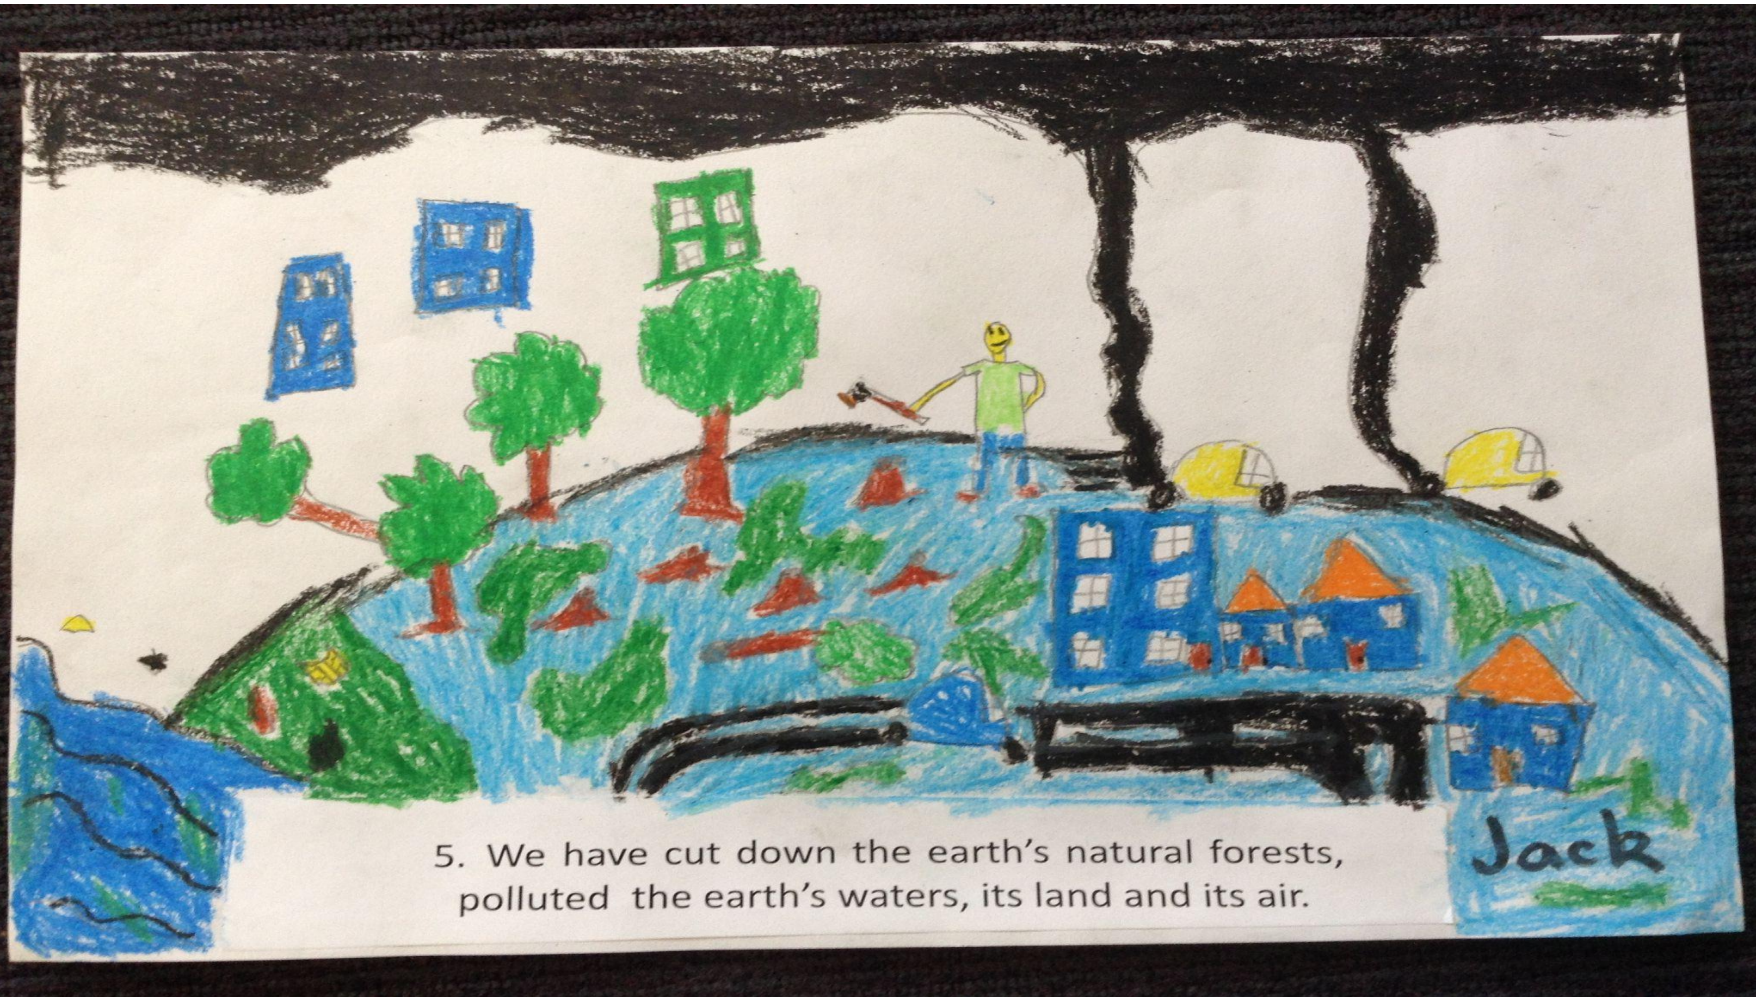

3. We have developed at a greater speed than we could ever imagine and have treated the earth like it has an unlimited supply of resources.

Dash

4. We have taken more than our fair share from most people on the planet as well as future generations.

5. We have cut down the earth's natural forests, polluted the earth's waters, its land and its air.

Jack

6. The Earth, our home, is beginning to look more and more like an immense pile of filth.

7. We are using more and more fossil fuels which are contributing to climate change.

Iris

Declan

8. Climate change is one of the biggest challenges we face today. Climate change will affect us all, but it will be the poorest communities who will suffer the most.

9. And despite these problems we are not slowing down on how much we consume and throw away; leaving a trail of waste and destruction.

Hugo

10. We cannot continue to do this.

11. We can change and we can make a new start.

Harry

12. The whole human family needs to work together to care for our planet - Earth.

Kirra

Havana

13. So that we sow beauty not pollution and destruction.

14. So let's put love for the world and love for our neighbours into action, by living together in harmony and caring for nature.

Royce

15. Can you take simple everyday eco- actions to care for the Earth, by turning off lights, reducing water waste and recycling?

Isabella

16. And will you live more simply, reducing the amount of things we buy and throw away, so that we don't take more than our fair share?

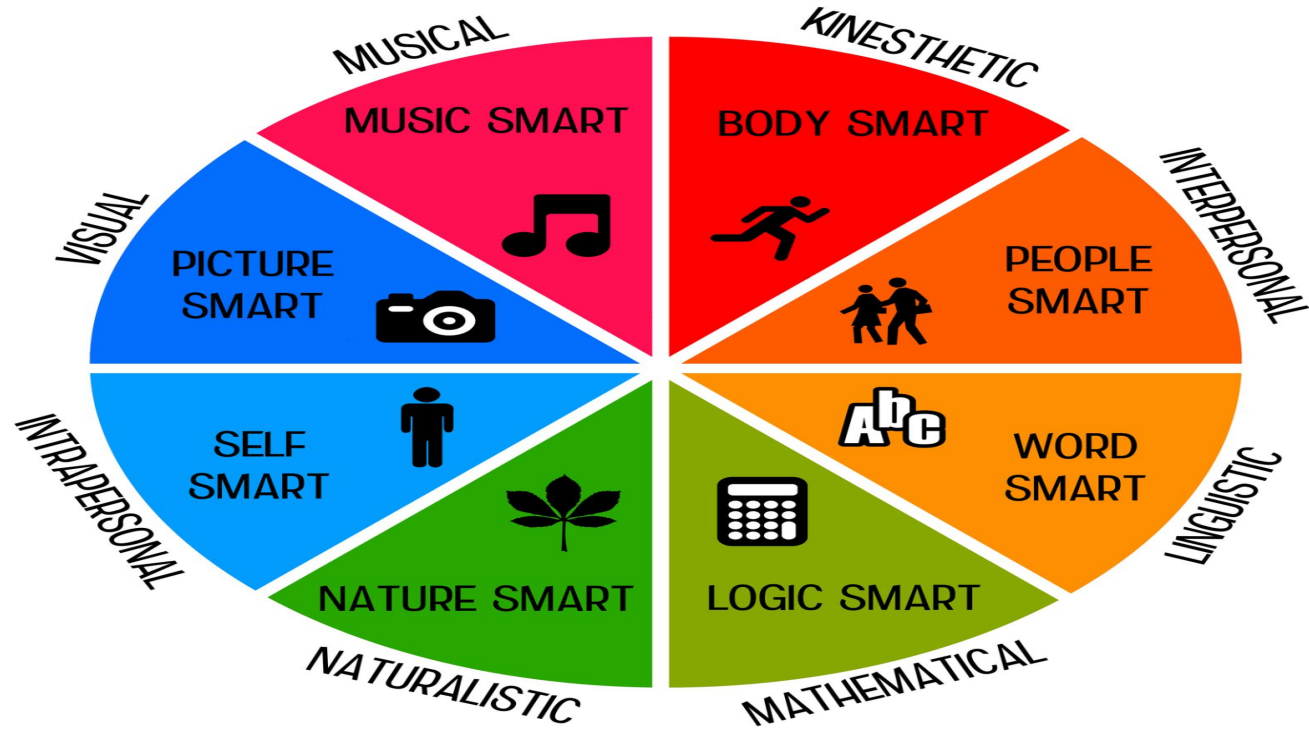

Gemma

17. The world can't wait so let's make that start today. Play your part to protect our common home.
